

A Tradition of Quality
SINCE 1997

OLDHICKORYSHEDS.COM

FACEBOOK.COM/OLDHICKORYBUILDINGS | INSTAGRAM.COM/OLDHICKORYBUILDINGS

A TRADITION OF QUALITY

Using the old fashioned, country tradition of barn building, our factories use the same time-honored construction techniques and respect for quality handed down from generation to generation within the many Amish and Mennonite communities across North America.

With over 700 locations in North America, a huge variety of buildings and options to choose from, you're sure to get the building you need. Old Hickory Sheds has been supplying quality storage buildings for happy customers throughout North America since 1997.

The kind of quality, care and attention to detail that we put into each and every building is how we became leaders in our industry. For over 20 years, we have succeeded by providing our customers with dependable storage solutions and a quality buying experience.

**IT'S NOT JUST ANY OLD SHED...IT'S AN
OLD HICKORY SHED**

OLDHICKORYSHEDS.COM

The Difference is in the Details.

Old Hickory prides itself on exceeding our customers' expectations. From the first interaction with one of our local independent dealers through delivery and installation, we'll work hard to earn your trust. The kind of quality, care and attention to details that we put into each and every one of our barns is how we became leaders in our industry.

Engineer Certified buildings are certified for 105 mph winds and 30 psf Ground Snow Load (Barn & Utility Shed) or 60 psf Ground Snow Load (Lofted Barn) (once customer supplied anchors are installed). A standard set of engineered plans are available upon request after purchase of a building. We employ a full-time engineer for quick turnaround for custom sites or builds. See page 22, visit our website or consult your local dealer for more details.

FAST & EASY DELIVERY

Our experienced delivery drivers provide a hassle-free, efficient delivery experience. There is no site preparation necessary as long as your site is no more than 3ft out of level, in any direction. Our free delivery and set up must be within 30 miles of the sales lot and includes leveling up to 3 feet with customer supplied concrete blocks and driver supplied pressure treated shims. Over 30 miles additional charges apply. Leveling blocks can be purchased from the driver, if needed. See page 21 for details.

4x6" TREATED & NOTCHED SKIDS

Our 4in x 6in pressure treated skids are notched at 12in and 16in on center to ensure consistent floor joist spacing. Pressure treated skids resist rot. Recessing and toenailing the joists into the notched skids locks them into place and ensures the shed can be loaded, unloaded and moved repeatedly, without any warping.

METAL OR SHINGLE ROOF (SAME PRICE)

Give your shed & backyard landscape an upgraded look with our 29-gauge metal roof, available in a wide array of colors and backed by a 30-year limited warranty.

OR...match your home's roof for looks or for HOA compliance using our 30-year rated residential grade architectural shingles, available in the most commonly-used colors.

DIAMOND-PLATE DOOR THRESHOLD

The diamond-plate door threshold cap creates a solid step that can handle constant abuse from foot traffic and equipment wheels. It prevents wear and tear on the exposed edges of the floor decking at the entrance of the shed...ensuring years of use without cracking, splintering or delaminating.

USER FRIENDLY 3D SHED BUILDER

Our proprietary online 3D shed configurator is fully loaded with all of our design options and works smoothly on mobile devices and desktops. Because we built our own system, you can be sure the building you design is the building you'll get. Compared to the generic systems shared by other brands, we keep ours fully updated so that it shows the detail of exactly what is being designed, ordered and built.

Select A Standard Building Style

Refer to the Standard Buildings table in the Price Guide to see available sizes.

LOFTED BARN

ENGINEER
certified

With up to 8ft of loft included in the price, the Lofted Barn is ideal for customers needing to maximize their available storage space. The gambrel (barn-style) roof provides a traditional appearance and increases the total loft space. Add a package from pages 7-8 to your Lofted Barn to suit your specific needs.

10ft x 20ft Lofted Barn
Black Metal Roof
Gray Shadow Paint and Barn White Trim Paint on LP Smart Panel Siding
Shown with extra options: two 10" x 29" windows in Double Barn Doors, one 2ft x 3ft Window & a Loft Window.

KEY FEATURES

- Iconic barn-style roof
- 6ft 3in standard inside wall height
- 7ft (81in inside) available
- Up to 8ft of loft included FREE (No price credit for subtracting loft)
- 8ft wide buildings come with a single barn door
- 10ft and wider come with double barn doors (excluding packages)

FRAMING SPECS VARY BY LOCAL BUILDING REQUIREMENTS

MAHOGANY URETHANE & NAVAJO TRIM PAINT ON SMART PANEL SIDING

SIDE LOFTED BARN

FIR SIDING
Shown with extra options including two 2ft x 3ft windows.

SIDE UTILITY SHED

T1-11 PRESSURE TREATED SIDING
Shown with extra options including two 2ft x 3ft windows.

UTILITY SHEDS

ENGINEER
certified

The gable style roof of the Utility Shed provides the option for increased wall height, making it feel more spacious on the inside and leaving room on the walls for taller storage shelves, long garden tools, or ladders. Add a package from pages 7-8 to your Utility Shed to suit your specific needs.

10ft x 14ft Utility Shed
Brown Metal Roof
Navajo Paint and Barn White Trim Paint on LP Smart Panel Siding
Shown with extra options: one 2ft x 3ft Window with Shutter Trim, two 10" x 29" windows in Double Barn Doors and 8ft Tall Walls

KEY FEATURES

- 5/12 Pitch gable-style roof
- 6ft 3in standard inside wall height
- 7ft (81in inside) or 8ft (92in inside) available
- 8ft wide buildings come with a single barn door
- 10ft and wider come with double barn doors (excluding packages)

FRAMING SPECS VARY BY LOCAL BUILDING REQUIREMENTS

Pick An Add-On Package

Whether you're looking for simple home storage, a space for lawn equipment, or if you plan to transform your building into a hobby shop or a recreational space... we've got solutions. Refer to the Add-On Packages table in the Price Guide.

Refer to the Add-On Packages in the Price Guide to see options and prices.

Scan the QR code or visit oldhickorysheds.com/priceguide to view the Price Guide online.

PLAYHOUSE

The playhouse package is an easy add-on if you're looking to give your barn or shed some country style and a place to sit in the shade.

Included:

- 9 lite window walk-in door
- 4ft porch (included in total building length)
- Two porch support posts
- Three 2ft x 3ft single-pane windows
- Utility style Playhouse has 8ft walls

BEIGE PAINT & BARN WHITE TRIM PAINT ON LP SMART PANEL SIDING

FIR SIDING

PINNACLE RED PAINT & BARN WHITE TRIM PAINT ON LP SMART PANEL SIDING

T1-11 PRESSURE TREATED SIDING

DELUXE PLAYHOUSE

The Deluxe Playhouse is the ultimate package for creating an outdoor recreational space, DIY studio or home office.

Included:

- 9 lite window walk-in door
- Bay style windows with wrap around porch (total length of building includes 4ft of porch)
- Porch railing in 3 sections (approx. 4ft each)
- Four porch support posts
- Five 2ft x 3ft single-pane windows
- Utility style Deluxe Playhouse has 8ft walls

Notes: Minimum size is 12ft x 24ft

SIDE PORCH

With similar features, the Side Porch package is a great alternative to the Playhouse if you're planning to orient the building sideways.

Included:

- 9 lite window walk-in door
- 4ft depth porch with railing on short side (porch included in total building length)
- One porch support post
- Two 2ft x 3ft single-pane windows
- Double Barn Doors
- Utility style Side Porch has 8ft walls

FIR SIDING

MAHOGANY URETHANE & BARN WHITE TRIM PAINT ON LP SMART PANEL SIDING

GAP GRAY PAINT, NAVAJO TRIM PAINT & DRIFTWOOD URETHANE ON SHUTTERS & DOORS ON LP SMART PANEL SIDING

SHED DORMER

The Shed Dormer adds substantial daylight into your shed, making the inside feel larger and giving the outside a quaint appearance.

Included:

- Comes standard with a 7/12 pitch roof
- Includes: Three 10in x 29in horizontal windows
- Treated buildings have 81in inside walls
- Painted/Urethane buildings have 82.5in inside walls

Notes: Only available on 8ft, 10ft & 12ft widths and only for inside wall heights listed above. More than one dormer can be added to a building if size permits.

Shed Dormer shown with extra options including two 2ft x 3ft windows with shutter trim and Double Barn Doors with windows.

GARAGE

A rollup garage door can be the ideal add-on for easy-access storage. Recessed diamond plate door threshold helps prevent water from getting into the building during normal precipitation.

Included:

- Garage Door (8ft or 9ft - see price guide)
- Solid walk-in house door
- One 2ft x 3ft single-pane window
- 12in on center floor joists for heavier loads
- Utility style Garage package has 8ft walls

SCARLET RED PAINT & BARN WHITE TRIM PAINT ON LP SMART PANEL SIDING

SINGLE SLOPE

With a lean-to roof style, the Single Slope can be placed with its back against a tree line or a property boundary as a way to integrate the structure in the landscape. The high front can include horizontal windows to let in natural light.

ENGINEER
certified

10ft x 10ft Single Slope
Black Metal Roof
Gray Shadow Paint with
Barn White Trim Paint on
LP Smart Panel Siding
Shown with extra options:
(2) 10" x 29" windows in
Double Barn Doors

BARN NON-LOFTED

If you need just a little extra outdoor storage space for some gardening tools, some lawn equipment or other odds and ends, then the Non-lofted Barn might be the right choice. It's plenty tall enough for the average adult.

ENGINEER
certified

10ft x 12ft Barn (Non-lofted)
Hunter Green Metal Roof
T1-11 Pressure Treated Siding

KEY FEATURES

- Single slope roof style
- Rear Wall Height: 75in – 76.5in (depending on siding chosen)
- Front Wall Height: Minimum 100in (increases with shed width)
- Roof Pitch: 3/12

FRAMING SPECS VARY BY LOCAL BUILDING REQUIREMENTS

Animal Shelters & Build on Site

Refer to the Animal Shelter table and Build on Site section in the Price Guide to see available sizes.

Scan the QR code or visit oldhickorysheds.com/priceguide to view the Price Guide online.

ANIMAL SHELTERS

Our Animal Shelters have a 4x6 pressure treated perimeter base to make it deliverable by our drivers yet resist rotting from ground moisture. It's possible to add stalls, separators and even a tack room depending on the size.

12ft x 28ft Animal Shelter with Tack Room
Silver Metal Roof
Clay Paint with Beige Trim Paint on LP Smart Panel Siding
Shown with extra options: (1) 10" x 29" window in Single 3ft Barn Door

BUILD ON SITE

Build on Site is a great option for customers looking for unique features or a larger shed than we can pre-build and deliver. It's also a good alternative when the intended location for the building isn't accessible by a delivery truck.

KEY FEATURES

- 4in x 6in Pressure Treated perimeter base
- 1 1/4in Pressure Treated Kick Boards approximately 4ft high, spaced 1.5in apart
- Standard stall opening is 8ft wide
- One stall is standard per 12ft of length (10ft x 12ft = 1 stall, 10ft x 20ft = 1 stall, 10ft x 24ft = 2 stalls). Tack room is not included
- Additional stalls (includes opening and divider) can be added for an additional cost (optional) See Price Guide
- Buildings will be set directly on ground with no blocking. Ground must be suitable for application prior to delivery

TACK ROOM

- Tack rooms require a minimum of 4ft added to the 12ft of length needed per stall (E.g. 1-stall plus a 4ft wide tack room requires a minimum of 16ft total length)
- Tack Room starts on an outside end wall. Additional cost to start on an inside divider wall. See Price Guide
- Engineered panels or T&G flooring depending on area & availability
- OSB divider wall between tack room and stall
- 3ft Wooden Barn Door on all tack rooms
- Upgrade to 4ft Wooden Barn Door. See Price Guide

Interior Tack Room shown with extra options including 2ft x 3ft window and extra Single Barn Door

OPTIONS & LIMITATIONS

- May be able to build larger sizes (length, width or height) than can't be delivered by truck (E.g. 8ft walls on Lofted Barns)
 - Can be built directly on a concrete pad without skids or floor decking (customer is responsible for tie downs)
 - Consult your local dealer for other needs and customizations
 - Customer is responsible for painting or sealing
 - Lead times vary by location and time of year
- Small Build on Site fee required and paid directly to the builder
 - May not be available in all areas

Metal Colors

Same price for Standard Metal or Shingle Roof. See Price Guide for Special Order Metal.

STANDARD METAL

SPECIAL ORDER METAL

Adds one week to the lead-time and has a slight upcharge

Siding Options

5/8" T1-11 PRESSURE TREATED

- 24in ON CENTER STUDS / 24in ON CENTER TRUSSES (66% thicker siding easily spans 24in on center stud spacing)
- Double studded at siding seams to resist treated wood's tendency to shrink, same number of studs as 16in on center
- All PRESSURE TREATED wood features a LIMITED LIFETIME WARRANTY against termites and fungal decay
- Tried and true PREMIUM grade REAL PLYWOOD SIDING
- 5/8in thick, 66% THICKER than many competing siding products
- Available Coatings: Water Sealer (only)

FIR

- 24in ON CENTER STUDS / 24in ON CENTER TRUSSES (66% thicker siding easily spans 24in on center stud spacing)
- Double studded at siding seams to ensure edges are fastened to a full stud
- Our Fir Siding is a LOCAL PRODUCT, made in the northwest from local trees
- Great choice for customers who want a RUSTIC APPEARANCE or who may want to paint it
- Available Coatings: Water Sealer (only)

3/8" LP SMART PANEL

- 16in ON CENTER STUDS / 24in ON CENTER TRUSSES / DOUBLE TOP STUD PLATE
- SMARTGUARD TREATMENT makes this engineered wood product WATER RESISTANT
- SMARTGUARD ZINC BORATE TREATMENT provides fungal decay, termite and impact RESISTANCE
- Comes with a 50 YEAR LIMITED WARRANTY
- Available Coatings: Paint & Urethane (only)

Flooring Options

YOU CHOOSE:

5/8" T&G Untreated Plywood Flooring or
5/8" T&G Engineered Panels Flooring - Same Price

5/8" TONGUE & GROOVE UNTREATED PLYWOOD

- Features a limited lifetime warranty against delamination of plies

UPGRADE:

3/4in Tongue and Groove untreated plywood (See Price Guide)

5/8" TONGUE & GROOVE ENGINEERED PANELS

- 5/8in Tongue and Groove, Engineered Panels
- Exceptional strength & stiffness for a flatter, more stable floor
- Free of knots and patches with a thermally fused face
- Advanced resins are moisture resistant
- Choose this if you want a seamless floor with a virtually flawless appearance

UPGRADE:

3/4in Tongue and Groove Engineered Panels (See Price Guide)

Standard floor designed for 300 lbs. POINT LOAD spread evenly over an area no less than 5 inches by 5 inches. Additional options are available. See dealer/website for more heavy duty options.

Floor Joist Options

- 16in on center pressure treated floor joists - standard
- 12in on center pressure treated floor joists - *optional* (standard on garages)
- 2x4 Pressure treated floor joists - standard
- 2x6 Pressure treated floor joists - *optional* (standard on 14ft wide and above)

FREE DELIVERY

& EASY SETUP WITHIN 30 MILES

We will provide you with a quick and efficient delivery experience. Delivery site must be accessible with a truck and trailer.

NO SITE PREPARATION NECESSARY if site is accessible with truck and trailer and site is **NO MORE THAN 3 FEET OUT OF LEVEL**. **FREE SETUP** includes leveling with customer supplied concrete blocks and driver supplied pressure treated shims. Drivers can supply concrete blocks for a small fee. See Price Guide for details. **FIRST 30 MILES FREE**. Over 30 miles subject to additional charge.

PLEASE CONSULT YOUR LOCAL DEALER FOR THE MOST UP-TO-DATE DELIVERY LEAD TIMES

NOTE: Non-standard metal colors on any building will add to the lead time. Peak season and poor weather conditions can also add extra days on to delivery times. Lead times vary by location and non-standard colors are not available in all areas.

Old Hickory Sheds, LLC and its associates are not responsible for permits, snow/wind load requirements, covenant searches, restrictions, setbacks, yard damage, or underground damage. In very rare cases, underground footers may be required by local building codes. Old Hickory Sheds does not offer digging or footer services and these are not included in free set up, however we can work with customer or contractor when required for an additional cost. Please contact your local Building Inspector and/or Homeowner's Association for information on requirements and restrictions. It is the customer's responsibility to decide if ground conditions are unsuitable for delivery. Old Hickory has the right to refuse any sale prior to the time when it is accepted and approved by Old Hickory's corporate office and the building is set up at customer's location.

Our low monthly rental rates are comparable to mini-warehousing rates. Our no strings attached plan allows you to have your own storage facility at your home or business, when and where you need it.

NO STRINGS ATTACHED

The rental agreement is on a month to month basis, meaning you have the flexibility to turn in the building at any time for any reason. **SEE DEALER FOR DETAILS.**

EARLY PAYOFF

Payoff anytime with no penalty. There is also a discount off the rental balance for those who pay off early. You will not own the building until you make all payments necessary to acquire ownership or you exercise the early payoff option.

90 DAYS SAME AS CASH

If you decide to pay off the building within 90 days, we'll waive the entire cost of lease services.

Engineer Certified buildings are certified for 105 mph winds and 30 psf Ground Snow Load (Barn & Utility Shed) or 60 psf Ground Snow Load (Lofted Barn) (wind rating requires customer supplied anchors). A standard set of engineered plans are available upon request after purchase of a building. We employ a full-time engineer for quick turnaround for custom sites or builds. Visit our website or consult your local dealer for more details.

Price does not include anchors. Additional options are available – see dealer/website for more details. Extra charges apply for custom plans, calculations or elevations. Designed to meet IBC standards, not guaranteed for every local jurisdiction. Our buildings are classified as Minor Storage Facilities (Occupancy Category 1) and not intended for any other use. Economy style Buildings are not certified as a standard. These can be built as certified for an additional charge.

FIVE YEAR LIMITED WARRANTY

We offer you peace of mind – with a limited 5 year warranty backed by a company that has been in business since 1997, you can trust that Old Hickory will be there if you need them, and with our warranty written, there will be no surprises in the rare event of a claim. www.oldhickorysheds.com/five_year_warranty

LIMITED LIFETIME WARRANTY

Against termite damage and fungal decay on all pressure treated wood, including pressure treated skids, floor joists (on all models) and optional pressure treated 5/8" T1-11 siding. www.oldhickorysheds.com/lifetime_warranty

30 YEAR LIMITED WARRANTY ON METAL

All metal roofing comes with a 30 year limited warranty against rust through.

50 YEAR MANUFACTURER'S WARRANTY

For LP Smart Panel Siding. Follow the link provided for more information: www.lpcorp.com/media/1419/lp-smartside-warranty-english.pdf

- *Prices shown include 3% discount offered for purchases made with cash or check. Credit card purchases are not eligible for the discounted price and will be priced 3% higher.
- One color paint/water sealer included in above price. Urethane and additional colors are extra (excluding Build On Site).
- 12ft wide and over buildings are measured across the eaves due to DOT regulations (all others are measured from outside corners).
- **Not available at all locations. See dealer for details.
- All 8ft wide buildings come with a single door (excluding packages).
- All 10ft, 12ft, 14ft & 16ft wide buildings come with double doors (excluding packages).
- Available RTO terms may change by location. See your local dealer for details.
- Add package price to Lofted or Utility Style Buildings only. For package deals, some options may be removed but no credit given on price.

Old Hickory Sheds, LLC and its associates are not responsible for permits, snow/wind load requirements, covenant searches, restrictions, setbacks, yard damage, or underground damage. In very rare cases, underground footers may be required by local building codes. Old Hickory Sheds does not offer digging or footer services and these are not included in free set up, however we can work with customer or contractor when required for an additional cost. Please contact your local Building Inspector and/or Homeowner's Association for information on requirements and restrictions. It is the customer's responsibility to decide if ground conditions are unsuitable for delivery. Old Hickory has the right to refuse any sale prior to the time when it is accepted and approved by Old Hickory's corporate office and the building is set up at customer's location.

ALL PRICES SUBJECT TO CHANGE.

RENT TO OWN

SECURITY DEPOSITS*

- \$100:** 8ft & 10ft wide buildings
- \$300:** 12ft wide buildings
- \$1,000:** 14ft wide buildings
- \$1,500:** 16ft wide buildings

*Excludes Animal Shelters & Build on Site.

DELIVERY & SETUP

- **Free delivery and easy setup within 30 miles.**
- **Please consult your local dealer for the most up-to-date delivery lead times.**
- **No site preparation necessary if site is no more than 3 feet out of level.**
- **Customer has the responsibility to decide if ground conditions are unsuitable for delivery. We are not responsible for yard damage.**
- **Site must be accessible by truck and trailer.**

Drivers can supply blocks for \$3.50 each. Free Delivery covers one trip up to 30 miles one way. Trips over 30 miles are subject to a \$3/mile (8ft & 10ft wide), \$3.50/mile (12ft wide), \$4.50/mile (14ft & 16ft wide) charge one way. Free setup includes leveling the building, starting with one corner at ground level and raising it up to a maximum of 3 feet. If leveling requires 1 foot or less, pressure treated wood may be used. Otherwise, customer may supply concrete blocks which are placed on top of the ground, or we can supply concrete blocks for \$3.50 each.

In very rare cases, underground footers may be required by local building codes. Old Hickory Sheds does not offer digging or footer services and these are not included in free set up, however we can work with customer or contractor when required for an additional cost.

Please contact your local Building Inspector and/or Homeowner's Association for information on requirements and restrictions. The customer will be responsible for the mileage charge as well as the cost of any additional trips.
