THE ORIGINAL WOOD PELLET GRILL

TRAEGER INVENTED THE ORIGINAL WOOD-FIRED GRILL

Over 30 years ago in Mt. Angel, Oregon. We continue to lead the industry as the world's #1 selling wood-fired grill, perfected by decades of mastering the craft of wood-fired cooking. A Traeger grill will transform the way you cook because it creates consistent results, every single time. Fuel your hunger for wood-fired flavor with Traeger.

A large, white, wooden building with a gabled roof, likely a factory or warehouse. The word "TRAEGER" is prominently displayed in large, black, block letters across the middle of the building's facade. The building has several windows and a door at the base. The background shows trees and a cloudy sky.
