Please identify what you consider to be the strengths of the instructor.

-

A

- MSgt Rushing is the best teacher at USAFA hands down! Always engages with students, not afraid to call students' out and very fair with grading and willing to go into detail for further explanation; especially on her "favorite lessons" which happen to be all of them.
- MSgt Rushing has demonstrated great leadership and truly cares about her students.
- Explained things in a fun and interesting way
- Very engaging and able to make dry concepts fun to learn. She makes her classroom environment enjoyable and makes the entire class want to participate. I looked forward to this class every time!
- Great teacher and good classroom vibe
- Teaching
- Energetic, engaging, caring.
- She is so enthusiastic and motivating. I am a stem major and struggle with these types of classes and finished with a grade I am happy with, which reflects her teaching.
- Enthusiasm, energy, interaction.
- Class engagement and participation, drawing real world connections from the text and materials
- She is a very enthusiastic instructor who cares about her cadets.
- n/a
- Very engaging for an afternoon class and a lot of fun to learn from!

B

- Creativity, cares about her students and job as instructor, funny, engages class through discussion instead of lecture
- Engaging, energetic, good at explaining concepts
- She is very outgoing and lightens the mood every morning
- related many of the topics to real life scenarios in her life or throughout history.
- She keeps the class engaged and makes it clear what it is we are needing to learn and take away from each lesson.
- She is very engaging in class and deserves to be promoted.
- Loved this class. Loved it even more with MSgt Rushing teaching it. My favorite class this semester.
- Caring about her students and giving everyone an opportunity to participate and be active in the class. She also is a very very good teacher in the way she present information
- Her ability to relate to the students and be flexible and understanding. She is passionate about her job in further educating us as warfighters in the near future. Having an enlisted teacher should be more of a frequency here at the academy so we can understand as future officers of how interaction with the enlisted members work, and my opinions are very high after working with this wonderful woman. She brought positivity and happiness into a learning environment that made the class more passionate about these topics of MSS.
- TSgt Rushing invested a lot of her time and energy to be personal with her cadets by bringing an uplifting energy to class every day, keeping the class engaging, and taking the time to learn more about her cadets. She ensured that we understood the material and could further synthesize the information beyond the baseline content we were taught in class, which is indicated by her section's performance on the GRs.
- Great teacher, cares a lot and passionate about the subject.
- The instructor is good at adding real world situations to the class
- My feedback is reflected in the in class feedback form. In short, Sgt Rushing is fantastic!
- Demonstrates an absolute passion for her job and care for her students. One of the best teachers I have ever had the pleasure of working with and an example of an incredible instructor.
- She is very engaging and makes me care about what we are learning about, even if I didn't think it would be interesting.
- Knowledgeable, Best teacher I have had so far
- She is very charismatic which I think translates well to the learning environment, makes the classroom more engaging and stimulating.
