

ELECTRICAL ADDENDUM NO. 1

To: Bob Bailey **From:** Yaswanth Numburi
Company: SLCD
Date: 11/17/2022
Project: National Weather Service Building Generator & UPS Replacement

Drawings

Sheet EP803

1. Added general note for temporary generator fuel allowance.

Questions

Question 1: The plans are calling for us to dispose of the generator, but the above grade fuel tank is to be returned to the Airport. I thought that in the pre-con meeting the Airport wanted the generator and we needed to dispose of the fuel tank, can you please clarify this for me.

Response: The generator will need to be disposed of off site by the contractor and fuel tank to be returned to the airport as specified in the construction drawings.

End of Addendum No. 1...
