Before I write another word, I know that there are people who will have a problem with this, and there are people who will praise it. In public people will criticize it, and in private they will applaud it. And at some point someone will exploit it and use it against us. But, I am going to write it anyway. This should not need to be said, but it does.

Enough is enough.

The things we are doing to each other are awful. At the very least some of these things could be a violation of Company rules, and some to the point they could be illegal and border on Civil Rights violations.

There is a very fine line between playful banter and harassment and that line is constantly moving. A person who is a willing participant today maybe a victim tomorrow.

Many times, a person will say nothing because of how they will appear to their coworkers and at the same time people who commit these acts either out of shame or embarrassment will seldom tell the truth. Either way, both of these persons have rights that need to be protected.

The training provided by the Company probably meets the intent of the law but it only requires that at the end of the training that you still have a pulse. I do not believe that the training goes far enough. There is no one there to tell you the real consequences.

You can be disciplined, severely disciplined, discharged and that is it if you're lucky. There is nobody who tells you that there have been incidents here where people have been arrested, gone to Federal Prison, gotten divorced, lost their families, and lost everything they worked for because they thought it was funny.

Before you say it, post it, write it, or touch it will it still be funny when you're unemployed or sitting in a jail cell?

This does not apply to most people, it is intended to prevent one more incident and hopefully it will protect one more person.

Faternally Yours ,

Peter E. Baker

By now you all should've gotten your bonus payments. If you did not receive one and should have, please see your stewards or me. Also don't forget to use your floaters by the end of the month or you will lose the time. Use your time wisely because we won't have another holiday until April.

Chiefs are beginning to discuss contract negotiations coming up later this year.

Please know that if you are being written up, you should have a steward present, any steward. ALWAYS. No exceptions. Senior guys please make sure the new hires understand this. Help each other out. There are a lot of new hires coming in and many of them have never even heard of a Union before. Remember we are all brothers and sisters and need to look out for one another. Speaking of new hires, please take the time to help educate the new hires about the union happenings. At the very least let them know when our meetings are. Second Thursday of every month except floater months.

Worker's Memorial will be April 28th. It starts at 6am in Washington Park. If you would like to attend please ask your steward about the shop order to use. You will still have to report to work afterwards. Also if you would like to purchase a stone on anyone's behalf, we have order forms.

CHANGE OF ADDRESS OF PHONE NUMBER? PLEASE inform a union representative. The company is not allowed to share this kind of information with us, so we only know if you tell us.

In case, there is anyone that does not know where they can check their pay stub online, you need to login to your fidelity netbenefits page. On the home page, halfway down, click on the link titled "GD ESS". On the next page click "Go to GD ESS". This will bring you to the Employee Self Service homepage where you can find a link to your paystub.

INSURANCE UPDATE: If you are out for more than 30 days and need to pay insurance, the General Dynamics Service Center will mail you a form and instructions. If you do not receive this letter in a timely manner, please call (888)432-3633.

Before you retire, please contact the union, and let us know. You DO NOT need to submit a withdrawal card. Retirees can receive a union jacket and/or watch. 40 years or more will receive both. 15-40 years will receive a watch.

Make sure to inform the union if you will be out of work for an extended amount of time so that we can make sure your dues are adjusted. If you are a Military Veteran, please see Christopher Wasilewski on first shift for support.

New Members: Between days 0-30 days after your date of hire you must log onto the General Dynamics Service Center website at www.gdbenefits.com to enroll yourself, and your dependents, in the benefits package.

As always, do not forget to use the safety boot and eyeglass program that was negotiated by the MTC. A list of the different shoe manufacturers and times that they will be outside the front gate is available. The eyeglass store is open on both the inside of the main gate and the outside entrance for your convenience, check bulletin boards for the times they are open.

IMPORTANT: If you are put on notice, going to be disciplined, or sent to Security to give a statement of any kind, you have the right to have a steward present. Your first words should be, "I want to talk to a Steward".

IMPORTANT: Members who are out of work on any leave of absence such as Workers Compensation, Sedgwick short term disability insurance, FMLA, etc. it is your responsibility to pay your portion for medical, dental, and vision. You can be dropped from your benefits if you don't keep up your payments.

Please don't forget to notify the Union Hall (860-442-8281) if you change your address, phone number, or name. We need to have the correct information! When you notify the company of these changes, they do not give the Union this new information. We appreciate your cooperation in this matter.

REMINDER: If you are out of work on compensation or accident & sickness insurance or any unpaid leave it is your responsibility to pay your dues. If your dues fall behind more than three months, your membership could be suspended. If you are out of work and have any questions regarding your dues, please call the Union Hall at 860-442-8281.

IMPORTANT: It is advised that you notify me one week in advance or as soon as you know when you will be returning to work from any Medical, Compensation or unpaid leave. The company doesn't know if you kept your dues paid up while you were out. It is important that I know your return date so I can submit a letter to the company to have your dues zeroed out under non collected. Once the company takes out your dues it will take me at least a month to return your money.

I apologize for not providing an article last month, no excuses, just didn't get in on time. I wanted to wish all a very prosperous New Year. I will do that now to both you and your families. In addition, I was supposed to inform you that the monthly union dues had a \$2.00 increase based on the international.

Per Capita increase that was voted on at the convention in May of 2022. Your BA membership increased from \$33.00 to \$35.00 monthly.

A special thank you goes out to the Christmas Party Committee. John Hinehold, Angie Gibbs, Steve Lagram, Susie Molonson and James Tacklin. Things went well, and I expect participation will increase next year.

So much for old news.

2023: The Company is hiring in all areas. Dept 241 submitted a recent request for 100 + electricians. This includes adding to the Electronics category. The Test Department are looking to fill their positions as well. Facilities will add to their numbers to support the Columbia program and the quality departments will be increasing their numbers. The Company has a commitment to the Navy that they will have enough workers to support the new construction programs of the Columbia, complete Block IV & V Virginia class, the Virginia payload platforms as well as overhauls like the Hartford. They have made hiring and training of new employees the priority for this year, at the same time trying to meet their schedules. We have some commitments as well. Meeting the schedules will help to convince the Navy that we are the primary submarine ship builders in the world and put an end to this competitive rhetoric with Newport News. We can do this by supporting the overtime requirements and providing instructions to our new people. Unfortunately, we have not been able to hire skilled and experienced workers, so we must train them. Although we have the Department ALC's and training programs the best training is done on the job by our senior people. That is you showing them how to do things on the deck plates. **Especially when it comes to working safely.** All the reports show that most of our injuries are Members with less than a year. This is this local's number one priority. Our experienced members know where the hazards are and how they can cause injury. We all need to help our new employees to work safely!

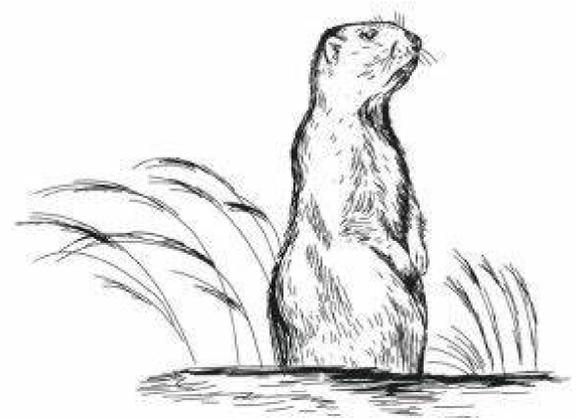

Another priority is Negotiations: Your Union Leadership wants to make the most of any opportunity to secure a fair and equitable agreement. The Company has indicated that they too want the same. We can't take things for granted. We need to have a plan that will work. We need to have our members' support. Putting derogatory remarks about the Union on social media impacts our ability to show the company that we have your backing and allows them to take us less seriously. It is so important to have your support all the time, but this coming year it is especially important! Negotiations are coming up and they will listen if they know we have your support. It is essential that we stand together and get their respect.

Harassment: Our third priority. How do we change our culture to respect each other. This has become a serious concern and managed to be a leading cause of discipline here in the shipyard. We have all heard about the issues, the Company has provided direction, the whole country has suffered from it. Yet it continues! We need to respect our co-workers and their way of life. Sexual harassment, racial bigotry, gender preference, religious beliefs, personal appearance all need your respect. This is an hourly and salary problem. How do we get this culture change?

I will bring forward any of your ideas.

Thank you, Continue to Work Safe!!

Richard L. McCombs

Local 614

HELLO BROTHERS AND SISTERS;

Happy 2023 to all. Let's hope for a good year. the current labor agreement between the union and the company ends on September 29th, 2023. I am sure you have heard several stories of what the next contract will or will not have in it. That is all it is, just stories. Nothing has been laid out yet. All you hear from now until the end of the contract is disinformation. It is a little too early for the union and company to start negotiations yet. The MTC will be meeting around mid-February with the MTC negotiating team to get their plans in order to meet with the company at a later date. So, please, do not get caught up in all the rumors that will be out there. I can advise the membership to hope for the best outcome but be prepared for the worst.

Scholarships. we have posted flyers throughout the shipyard about the 2 boilermakers scholarships available. High school seniors who are dependents of a Boilermaker in good standing are eligible. (includes retired, disabled or deceased members).

The Boilermakers International scholarship has awards totaling \$100,000 to be distributed among successful applicants. Applications must be submitted online from January 1st to March 1st. For all the information please go to; scholarships.boilermakers.org.

The Robert Bloomere Scholarship fund is run through our Local. This award is to one scholarship worth \$500. You can get this information from your steward or you can get it at the Union hall. All essays and transcripts must be submitted by April 30th. Good luck to all.

We have Boilermakers Tee shirts at the Union hall. We handed them out at our Boilermakers Family picnic this past summer. We bought enough for everyone. If you did not receive one, ask your steward or come up to the Union hall and get yours. You can also come to the regular monthly Union meetings on the 2nd Tuesday of the month at 33 Sacred Heart Drive, Groton at 2:45pm. You will get the latest up to date information on the issues at hand. At the end of the meeting we raffle off a free parking spot for the month and a tee shirt or 2. See you at the next meeting!

Sincerely;
Patrick Joyce
President

Insurance Update

We are starting a new year with our benefits re-starting on January 1, 2023. This is also the time of year when the company does its Annual Enrollment Dependent Audit. The audit is to make sure that your dependents are still eligible to stay on our medical plan. They check a random percentage of our membership. They will be sending the first letters or emails out starting on January 17, 2023, and you will have 30 days to complete the audit and submit the necessary documents. The documents include a marriage certificate or tax form for your spouse and birth certificates for your children.

Please make sure that you submit all the documents on time, or they will take your dependents off our medical plan. If this happens, you will not be able to put them back on the plan until the open enrollment period next year.

The final email reminder will be on 2/6/23 stating that the deadline is 2/16/23. After that is the final termination letter the week of 2/22/23. Your dependents will be dropped as of 3/1/23.
