As of this writing we are just finishing the floating holiday week. It is my belief that a majority of the members were happy with the change of hours. There was more parking available, and the schedule was less disruptive to people's normal activities.

As equally important is the Company was able to accomplish the scheduled work.

This was accomplished by working cooperatively and understanding each others goals and better utilization of the Working Leaders.

It is our hope that this schedule will continue for all the floating Holidays and also use the lessons learned to give the members more opportunities to work the Monday through Friday 10 hour shifts.

With summer soon arriving we will see the recent high school graduates who have accepted jobs, and the summer interns. Most of these folks have never been in an industrial/manufacturing environment. Please watch out for them and help them along. We will eventually having warmer days which brings the increased heat related injuries. Hydrate, take cool down breaks, and report extreme temperatures to Safety.

We have come to an agreement with the Company to have Union Safety Reps assigned to weekends. This is a huge accomplishment and an acknowledgment of the integral part the Union has in the providing a safe workplace. Thanks to our Safety Committee for their commitment and a job well done.

Enjoy the summer. Work and play safely.

As Always, I Remain

Fraternally Yours

Dear Brothers and Sisters,

We are coming to a time when those without a lot of vacation and sick leave are usually running low. Be mindful that July 1st will be here soon and sick time gets loaded.

The company and the union have made great strides with safety and PPE, we now have protective equipment for just about everything and if you have any suggestions for something we missed, please contact your stewards or safety reps. Reminder, PPE is not there to make your life difficult, it's there so you can walk out the same way you walked in.

We are expanding rapidly, so please welcome all of our new members graciously. With new members and growth there is always a learning curve, help our new brothers and sisters become part of our team.

Poll for and support overtime available. Most importantly, work safe and stay united.

Our next union meeting is Tuesday June 10, 2026 at the Machinists Hall: 18 Pleasant Street Groton, CT.

See you there and stay involved.

Fraternally,

Sean P. Banks

President/ BA IBEW 261

The new local sweatshirts have finally come in, with the new design on the back, and also the long sleeve shirts. Anyone interested can stop at the hall, or see your steward. The shirts are \$25, and sweatshirts are \$50 or \$60, depending on pullover or zipper.

Remember it is your responsibility to change your address with the Union, as well as the company, and also to pay any premium for Dues and insurance if you are out for any extended period of time.

Overtime looks like it will continue through the end of the year for some titles, and not so much in others. Summertime weather is upon us, with vacations and kids out of school affecting time spent at the workplace.

If you want to work, remember to poll. Hiring is also continuing at a huge pace. Some of us have been through this scenario before, with a not so positive outcome. (Seawolf program ring a bell)

All of us as Union members are expected to follow the contract, and are held accountable for our actions, sometimes resulting in discipline. It is not too much to expect, the same for salary members. We all also expect to be paid correctly, and on time. Some would say EB is becoming too big, too quick. Hopefully all will become positive.

The wet dock waterfront is also scheduled to change to accommodate the New class of boat. Either way, it is a good time to make some extra money to get ahead and stay ahead.

Our next Union negotiated paid holiday is July Fourth. Have a safe and happy summer.

Local 614

Hello Brothers and Sisters:

It is starting to get warm again, so please make sure that you are staying hydrated.

If you don't already know we have a Facebook page. Please follow us @ Boilermakers Local 614 to get updates and news from our International.

For anyone who doesn't know already, Electric Boat has a website listing discounts and perks for EB employees. It is Gdeb.perksconnection.com. Check it out when you get a chance.

If you are getting ready to retire, please call the union hall at 860-445-1120 to let us know.

Important

If you are going to be put on notice, disciplined, or sent to Security for any reason, you should request a Union Steward!! It's your right to Union representation, and you don't have to answer any questions without Union representation present.

Please remember, if you are sent to the Yard hospital and they send you home, you will have to use your own time, unless it is a work-related injury.

Union Hall- 860-445-1120

Please don't forget to notify the Union Hall if you change your address or name. When you notify the company, they do not give the Union your updated information.

Please remember for members who are out on any leave of absence such as Workers Compensation, Sedgwick short term disability insurance, FMLA, etc., it's your responsibility to pay for your medical, dental and vision. They can drop you if you fall behind.

I want to let everyone know that I am retiring soon after 40 plus years at Electric Boat. I have been a Boilermaker since 2008 and President for the last 10 years. These years have been the best of my career. It has been an honor and a privilege to serve you all. I want to thank everyone for all their support. I hope that you all will support the new E-Board and Officers and come to the meetings and get involved. Remember, you are the "U" in Union.
