

Novice Project Gear Night May 2019 – On going

Nv Sister Stella Asstra (with 2 s's) as a member of the “kink” community had proposed that The Emerald City Sisters attend the publicized event called “Gear Night” this would be a wonderful opportunity to spread the word of Joy and Love. Nv Sister Stella Asstra (with 2 s's) took the lead on this project to contact the bar and coordinate the sisters to attend. This event also brought out others than the “regulars” that we would see during the Bar Ministry. The “Gear Night” event happens 3-4 times a year. The members of The Emerald City Sisters have attended several “Gear Nights” and have been asked by the club to attend as many of the future events as possible. This event, in the future, could turn into a fundraising event for the ECS with shots or a clothes check.
