

LLUMAR TINT PERFECTLY

3 A CUSTOM LOOK ALL YOURS
Our sleek charcoal shades match your vehicle's rear privacy glass and range from subtle to dramatic.

4 FILM THAT LASTS
LLumar window tint's color stability, durability and scratch resistance are enduring. A manufacturer's lifetime limited warranty** backs that promise.

5 PROFESSIONALS WHO CARE
Our dealers are masters in the art of installation and customer service. You get fantastic results.

Quality you can count on
Proudly made in the U.S.A. from globally sourced materials, high-performance LLumar® brand window tints help protect and improve homes, businesses, and vehicles worldwide. Manufactured by Eastman Performance Films, LLC, LLumar products are recognized for their outstanding appearance and durability. Professionally installed, LLumar window tints are backed by a manufacturer's lifetime limited warranty.** This, along with a reputation for quality and innovation, has made LLumar one of the best-selling and most-respected window-tinting brands in the world.

ATC SERIES | Color Stable Dyed Tint

STYLISH & LONG LASTING

The LLumar® ATC Series is dyed all the way through for charcoal color that stays true. This tint gives you a standout look, on-the-road privacy, and a nice upgrade in glass performance.

ATR SERIES | Metallized Tint

REFLECTIVE & HARD-WORKING

The LLumar® ATR Series harnesses metal's mirror-like quality to reflect heat away and enhance interior comfort. Choose ATR for a custom, slightly reflective look that's great at fighting heat.

CTX SERIES | Ceramic Tint

SMART & FULL-FEATURED

The LLumar® CTX Series has proven nanoceramic technology to tame heat, glare and UV rays without sacrificing connectivity. Create a smart, stylish comfort zone with CTX.

IRX SERIES | Infrared Rejecting Ceramic Tint

COOLEST & PREMIUM THROUGHOUT

The LLumar® IRX Series transforms your vehicle inside and out with impressive nanoceramic technology. Demand IRX for concentrated IR-blocking abilities plus a full list of premium tint features: custom style, easy connectivity, UV protection and a reduction in annoying glare.

INFRARED & TOTAL HEAT REJECTION
