

The jet.engine is a highly recognizable print head that is flexible, controllable and extremely practical - its "no-mess" high quality output and easily integrated technology ensures its applicability in almost any situation and on any surface. Having the ability to control print jobs from set up, all the way to output, the jet.engine delivers solutions without the hassle and expense of purchasing a bulky, complicated printing system. Inc.jet has the most flexible and powerful software.

Key Features

- Ethernet Interface: for high data rate
- Expansion Capability: Add a 4th pen quickly for increased print width and flexibility
- High Definition: Print densities up to 600dpi for sharp, concise images and text
- Proven Cartridge Technology: Low maintenance, easy clean with easily replaceable integral print heads
- Rugged Design: Tough, industrial materials and design for use in any environment
- Internal Print Control: Sophisticated electronics for ultra fast onboard processing

Features:

Tilt up Head Holders for easy cleaning Real-Time Monitoring Graphical User Interface Software Included Proven Cartridge Technology **Rugged Design Dynamic & Fixed Text Fields** Over 80 Barcodes: Linear 1D, 2D Stacked & Matrix Codes, Composite codes **Barcodes Optimized for Resolution Barcode Shaving** Number Generators - Text or Barcode Static & Dynamic Bitmaps Postal Indicia Builder Print widths of: 1.5 to 6" of print **Time/Date Stamp Database Preview Functions Controllable Pen Parameter** Ink Usage Tracking and Estimate Print to PDF - create a proof job to show a customer
