

How To Apply And Fill Out A Villas Of Lake Arbor Request For Alterations/Additions To Villas Or Condos And The Steps Required

- 1) Complete the application on the next page and attach the unsigned contract. Note: the contract should be an unsigned contract until it is approved by the HOA Board. This way if The Board declines the application, you are not held to the contract.

Also include:

- A photo or brochure of the manufacturer's product to be used for job and color to be indicated.
 - Pictures of sidewalk(s) before job is started must be included with application. This way, if the Vendor/Contractor breaks/cracks the sidewalk you can have the Vendor/Contractor pay for the repairs. If the Vendor/Contractor does not repair or replace damaged property, the homeowner will be responsible. Note: homeowners are responsible for all Vendor/Contractor damage done on HOA common property.
 - A Certificate of Business License.
 - A Certificate of Insurance from the contractor that indicates address of where work is to be completed.
- 2) Each individual application with their proper documents is to be emailed to kmorris@resourcepropertymgmt.com at Resource Property Management. You can mail it but it will take longer to process. Allow up to 30 days for approval after complete application and attachments have been received by RPM.
 - 3) Resource Property Management will then email the complete application to all VOLA HOA Board members.
 - 4) If approved or denied: Resource Property Management will contact the homeowner by email, if included in application, or by USPS.

See Application on the back of this page.
