Channel Marker
Mental Health and Wellness Support

Building Trust, Hope, and Dignity
FROM OUR EXECUTIVE DIRECTOR

Dear Friends,

We are pleased to present to you Channel Marker’s fiscal year 2019 annual report. We continue each day to provide exceptional quality services for the over 400 individuals that Channel Marker annually serves. They are the reason that we do what we do. We celebrate their accomplishments and sometimes share tears for their disappointments because that is what family does. The Channel Marker family is one of the largest families I know.

Our community of donors, friends, advocates and medical professionals we thank you – because you are part of this large family also. We are all working together to help change the lives of the adults and children in our local communities who are challenged with the most significant forms of mental illness.

These are some of our FY19 achievements:

• We have completed an updated Strategic Plan which further addresses our organizational infrastructure needs.
• We successfully completed the capital campaign for our Regional Wellness Center in Easton and held our Grand Opening ceremony in May 2019. We were very pleased to have representatives of the Harry and Jeanette Weinberg Foundation join us as well as other essential donors and state and local elected officials.
• We held our second very successful “FUN is Good for Your Mental Health” event to raise funds and friends.
• With the help of the Grayce B. Kerr Fund, we moved forward with our plan for rebranding our organization to emphasize our wellness focus. We have been able to introduce a new logo, tagline, and brochure, as well as other marketing materials thanks to their help and guidance.
• We have continued with advocacy efforts in many areas but especially towards the “Keep the Doors Open” campaign which addresses the critical role funding plays in the historically underfunded Public Behavioral Health System here in Maryland.

Each new year offers a fresh start and optimism for improved services for the individuals Channel Marker serves. Our Board of Directors and staff are excited for what is yet to come!

With gratitude,

Debra P. Jackson
Executive Director
Channel Marker celebrated its Official Grand Opening Ribbon Cutting Celebration at our Regional Wellness Center on May 10, 2019.
Established in early 2019, our new logo and tag line conveys a united front of multifaceted individuals which is reflective of the mental health and wellness support services we provide. Our old logo, the buoy and lighthouse, designed by Channel Marker’s original clients served us for many years as did the tagline “Like a marker on the Bay, we help each other find the way.” However, these images caused many to believe that Channel Marker was associated with the nautical industry.

With the help of the Grayce B. Kerr Fund, we have created a new logo that represents Channel Marker’s constituency of both children and adults along with our tagline Building Trust, Hope, and Dignity. This rebranding implementation is critical to our organization, and our marketing communications will now display that we serve individuals from different walks of life.
