*Message from Kaye's Korner*

January has come and gone - now onto February. Not only is this month American Heart Month but also Canned Food Month, Creative Romance Month, (one of my favorites) Great American Pie Month and of all things the first Friday of the month is Bubble Gum Day! Where's my Hubba Bubba?

How many of you have visited the Aero Activities Club new web site - AeroActivitiesClub.com? If you haven't, be sure to look at it and give us your thoughts. A lot of work went into developing it.

I had the opportunity to tour the Tovrea Castle in early January - VERY interesting tour. So, if you want to get on the waiting list for future tour tickets, be sure to contact Keith Hughes. Also, if you were able to attend the Sanderson

Ford Museum tour on January 23, I know it brought back great memories of Phoenix in the by-gone era.

**Fred Polak is heading up the Day at the Races on February 19**, and Keith has one more Ping Factory tours on February 27th. So if you haven't already contacted those gentlemen for any of those events, be sure you do before their deadlines - which can be found in this month's Wings.

**Tickets are still available for Mama Mia.** So be sure to contact Lydia Gonzales if you're interested. Steve Flood has scheduled a tour through the PXG factory at Scottsdale Air Park and I believe he still has some openings.

**The spring picnic planning is under way for Thursday, April 25<sup>th</sup>.** As usual, Larry Bowe is heading up the event. It's a great opportunity to join us in the fresh air, have some good food and renew old acquaintances.

There are a couple of new events your steering committee is looking into - a tour of Barry Goldwater's photographs in Scottsdale's Museum of the West and a tour of the Musical Instrument Museum (MIM). So be sure to read about this in this month's Wings.

So, in closing, I hope everyone has a great month and celebrate Valentine's Day with someone special. Oh, and if you have the chance, be sure to check out the Glendale Chocolate Affaire on February 9-10 in historic Glendale. There's something there for EVERY chocoholic! Also, if you haven't already replied to our survey for the 2019 Christmas event, please be sure you do. Deadline is March 1.

# Ping Factory Tour

Feb 27th 2019

*The Ping Gold Room is a vault, and yes the putters you see are gold.*

*Any player that wins a tour event with a Ping putter gets that putter gold plated and one goes in the vault. Any player that wins a Major Tournament gets a solid gold putter and one goes in the vault.*

On Nov 29th a group of us toured the factory. I know absolutely nothing about golf so I will not embarrass myself with a long description. However the tour for me was fascinating, full of details and over 2 hours long. And you really do walk at least ½ a mile.

The facility is their main design and production site with 800 employees out of a worldwide workforce of 1500. We toured everywhere from custom bag manufacturing, putter head milling, assembly of the clubs at various stages, driving range and the vault.

There was some famous PGA player trying out new clubs on a very nice test range. The picture above is the vault with over 3400 gold plated and solid gold putters. Apparently if you win a big championship using Ping clubs they make a gold putter for you and keep a replica in the vault.

We discovered that the next day (Nov 1st) they were introducing a variable length putter to the market. Apparently 80% of players use the wrong length.

This has been a popular event and all three dates (Oct 31st, Nov 9th and Nov 29th) are fully booked.

If interested in going on Feb 27<sup>th</sup> - please contact [keith8411@cox.net](mailto:keith8411@cox.net)

- **Include name, number of tickets, club affiliation and phone number along with the first and second choice date you prefer.**

## *Musical Instrument Museum (MIM) Tour-TBD*

How many of you have had the opportunity to tour MIM? Your Aero Activities Club is looking into organizing a weekend tour for our members and their guests, but we'd like to find out how many persons are interested.

Cost is \$20 per person (no discounts) however we'd have our own guide. The tours are approximately one hour but afterwards you have the opportunity tour main at the museum and walk around at your leisure.

MIM has complimentary wheel chairs on a first-come-first-served basis. They also have assistive listening system available upon request.

Here's a little information about the venue: MIM displays more than 6,800 instruments collected from around 200 of the world's countries and territories. Most displays are enhanced by state-of-the-art audio and video technologies that allow guests to see the instruments, hear their sounds, and observe them being played in their original contexts—performances that are often as spectacular as the instruments themselves. What's more, all guests are invited to play instruments from around the world in the Experience Gallery. They can also see instruments from music icons such as Elvis Presley®, Johnny Cash, Pablo Casals, John Lennon, "King" Sunny Adé, Clara Rockmore, Maroon 5, and many more in the Artist Gallery.

So, if you think you'd be interested, contact Kaye Eibeck at [kwithane@cox.net](mailto:kwithane@cox.net) or 480-948-9910 Then we'll pursue a tour for our group.

**2019 Aero Activities Club Christmas Event Survey**

This message is a follow-up to the statement I made during the 2018 Christmas Dinner/Dance. As I mentioned, your steering committee has noticed a sizeable decrease in the number of attendees the past couple of years for the Christmas dinner/dance.

2016 - 75

2017 - 81

2018 - 53

These numbers also include HRSC members and their spouses/guests plus the steering committee and their spouses/guests. Therefore, we are looking at numbers approximately 10-15 less than reported above.

In fact, the numbers for our fall kick-off luncheon has also dropped somewhat

2016 - 79

2017 - 86

2018 - 58

Talking to several members, we found contributing factors for the declining numbers are several - we're getting older, people don't like to drive at night and some of our members who used to attend have passed.

*Thinking about ways to remedy the decline in attendance...  
The steering committee is considering a couple of alternatives:*

1. Change the venue to a Christmas luncheon. Continue with the buffet theme. Check to see if the cost per person could be less.
2. Eliminate the Christmas event all together and focus on our kick-off luncheon.

*Your opinions are VERY important to us. Therefore, we'd like you to vote for one of the following:*

- |  |     |    |
|--|-----|----|
| 1. Christmas dinner/dance.....                                 | YES | NO |
| 2. Christmas luncheon.....                                     | YES | NO |
| 3. Eliminate Christmas event & focus on kick-off luncheon..... | YES | NO |

**The steering committee needs your vote/response  
NO LATER THAN FRIDAY, MARCH 1, 2019.**

**You can respond two ways - send to me via USPS,  
Kaye Eibeck, 7521 E. Via Estrella Avenue Scottsdale, AZ 85258-1121**

**Or via email using the following email address: [AACresponse@yahoo.com](mailto:AACresponse@yahoo.com)  
Remember - your vote is important, so don't forget to vote!**

# Honeywell Clubs Fix-It Guys Program

*Sponsored by Honeywell, Garrett and Aero Activities Clubs*

We help Honeywell retirees or surviving spouses with fix-it jobs around the house. This program is designed to keep the job from being a budget buster for you. Call our Coordinator, **Warren Koepsel**, at **(480) 510-9304** to schedule a trip to your home. If you reach voice mail, leave a clear message giving job information, your name, telephone number and nearest cross streets. We will get back with you to schedule a visit.

## Are **YOU** Handy?

*Your Clubs really need your help!*

Since the passing of Clint Langford;

Our group of North Valley handymen has experienced a significant decline. So we're hiring!!!

You don't have to be a contractor level kind of handyman – just generally handy around the house. Some of you may have special skills (Computer/Plumbing/Electrical/Drywall?) that can significantly help our members in need. Why not try it? Call Warren (480-510-9304). We would love to talk with you!

The table below lists our current Fix-It Guys Team.

**Looking for new board members**

The Aero Activities Club (SRC) currently has 11 Board members working to keep the Club going. As the Club gets older so do we.

Several of these members have been on the board for many years. If anything was to happen to them or they resign from the Board, the Aero Activities Club could be in jeopardy. To keep SRC from being at risk we need more Board members.

If you can spare a little time and like to work with others, please contact any one of the Board Members on page 2. What do you get for doing this? The same as us, the pleasure of knowing you are keeping a legend going.
