“Down Memory Lane”

If you have memories & you would like to share them. Please submit them to Joyce Colella aeroactivitiesclub@yahoo.com or Mail to: AAC @ Joyce Colella, 11128 W Mirandy Ct. Sun City, AZ 85351

New SPEX coordinators continued

Located in Phoenix at the Avionics Division headquarters are two of the new SPEX people, **Patti Bhatti** and **Cal Slaaen**, who work for **Bob Van Note**, SPEX worldwide service controller.

Patti, who has been with SPEX for about a year, balances the SPEX inventory between individual pools to support warranty claims and replacements. Working with Patti, **Cal Slaaen** handles distributor orders by locating required units from computer information and sends orders from the pool that has the desired piece of equipment.

In New Jersey, **Joanne Shatwell** is responsible for similar duties as a regional SPEX coordinator. Working with **Arline Solimine**, Joanne handles customers in her region and works with Phoenix to move inventory from New Jersey to wherever it's needed.

At the Central Region Office in Wichita, **Betty Barnes** takes

SPEX orders from customers in the midwest.

Working with Betty in Wichita is **Harry Slaughter**, who has many of the same duties as **Cal Slaaen** in Phoenix.

SPEX also requires long range planning for inventory

replacement, test equipment and other capital investments. Those plans are the responsibility of **Don Suther**, product support analyst. Don works with **Gregg Schindel** to plan current and future SPEX logistics.

1980

NBAA continued

display at the show, although all have similar systems under development.

Pilots had an opportunity to fly the smaller cockpit simulator mounted on the opposite side of the Canadair cockpit. Equipped with 650

and 550 series flight instruments, the smaller simulator featured a stick-controlled attitude director with lighted course, distance and altitude readouts. Configuration of the simulator was similar to a light business

jet or turboprop cockpit.

Also shown on individual pedestal stands were a new radio altimeter system, the AA-300, and current HelCIS Helipilot instruments for helicopters.

Lake Pleasant Cruise Success

On Wednesday, February 26th, our group of 47 boarded the Phoenix, at Lake Pleasant Harbor, for a tour of Lake Pleasant. Although the weather started out cool with a bit of wind, it warmed up, the breeze stopped and it turned into a great day for cruising. Captain Matt was very informative. We saw the dam up close, the Scorpion Bay dock from the water and cruised 5 miles up north on the lake. There we saw several burros grazing at Goose Bay and a deer on Barker Island. The drink/snack service on the board was very good. They even had fresh popcorn. After the cruise, a number of people in our group had a late lunch at Dillon's. A good time was had by all!! Below are several pictures taken on cruise day.

Having Fun with friends

The Sanderson Village & Museum Success

On Wednesday 28th of February 23 members of the retirees club toured the car museum. Interestingly there were more women than men on the tour as it includes not only cars but memorabilia like a 50s diner, old mercantile store, neon signs etc. A jute box played in the background and afterwards we visited the 50s diner. For those who missed it we will have another trip next year and I have included a lot of photos on our website aeroactivitiesclub.com.

Kevin will meet attendees outside theatre starting at 11:40 AM.

He will be wearing a Red 777 Baseball cap.

Set a midst the decade of the roaring twenties, Chicago is the story of Roxie Hart, a housewife and wannabe nightclub dancer who maliciously murders her on-the-side lover. Desperate to avoid conviction, she dupes the public, the media, and her rival cellmate, Velma Kelly, and hires the slickest criminal lawyer in town to transform her crime into a barrage of sensational headlines. Filled with greed, corruption, exploitation and one show-stopping hit after another, Chicago is sure to give you the old "Razzle Dazzle!"

Southwest Airlines Tour

Wednesday April 15th

Back by Popular Demand

Several members have requested this tour again so here goes. This is a unique opportunity to tour Southwest Airlines Maintenance Facility at Sky Harbor Airport.

You may be able to walk through an aircraft and sit in the cockpit then tour the maintenance and operation areas in a two hour guided tour.

You will find out why the first aircraft were painted those colors, how the fit an aircraft that is too big into the hanger and maybe debate the correct part numbers of the APS we see in the stores.

Last year we sat in an aircraft only 5 flight hours old and not yet entered service. Yes it had the new aircraft smell.

All attendees are required in advance for security purposes. This will be our tour and spaces fill quickly. I have to limit the group to 40 for practical reasons.

To register sent the full names of all in your party to:

Keith Hughes at keith8411@cox.net

or call 623-825-5243 for details.

Rio Salado Audubon Center

Saturday, April 11th

Morning Guided Bird Walks

- One hour: 8-9:00 AM
- Walk through Rio Salado habitat area
- Bring water, binoculars and sunscreen.
- Loaner binoculars are available upon request.

Bird walk participants will need to meet their Audubon volunteer bird guide inside the Nina Pulliam Rio Salado Audubon Center. Please arrive at least 5-10 minutes prior to the 8 AM departure time. Restroom facilities will be available for use at the Center.

No admission fee - No Reservation

If you have any question contact Steve Flood
at 602-717-0990 or e-mail to azrat@aol.com

**Nina Pulliam Salado Audubon Center
3131 N Central Ave
Phoenix, AZ**

“Spring Pot Luck Picnic”

Aero Activities Club with Honeywell

Thursday, April 23, 2020

- Location:** Rio Vista Park, 8866 Thunderbird Rd, Peoria
- Ramada** 4-5
- Time:** 11:00 AM to 2:00 PM
- Lunch** Served around 11:30 AM.

TWO WINNERS IN OUR RAFFLE - 50/25/25

(One ticket for \$1.00 or seven tickets for \$5.00)

Again, this year we will be offering a chance to win cash. You can purchase ticket/s and win cash.

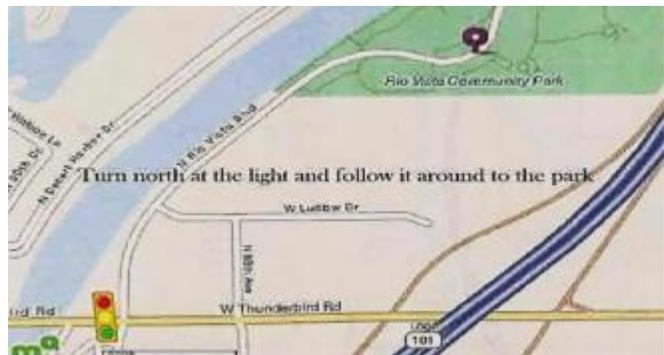

When the money is counted, two tickets will be drawn. Each of the two winners will receive 25% of the monies collected. The other 50% is deposited into the Aero Activities Club and Honeywell Accounts to be used for Club Activities.

We will be collecting canned goods for the Desert Mission Food Bank.

If you would like to donate to this worthy cause, please bring two cans of food.

Come join the fun & association

Central Arizona Project

Informational Lecture

Thursday, May 14th

Presentation topics include:

- CAP 101
- Future water supplies for central and southern Arizona
- Water conservation and environment issues related to the Colorado River
- Risk of Colorado River shortage and protecting Lake Mead

The lecture will be held at the
CAP office at 23636 N 7th Street.

➤ This lecture will be from 1:30 to 3:30PM

Minimum of 20 people required. *Friends and family welcome*

May Be canceled if group of 20 not met.

Please contact Steve Flood for reservations by **May 11th**
Steve Flood at 602-717-0990, or e-mail to azrat@aol.com

What is Central Arizona Project?

A VISION FOR ARIZONA. In the early 20th century, Arizona's leaders knew the state's future depended on a water supply that was secure, stable and renewable. They pursued that vision; the result was Central Arizona Project (CAP), a 336-mile system that brings Colorado River water to central and southern Arizona, delivers the state's single largest renewable water supply and serves 80% of the state's population.

Honeywell Clubs Fix-It Guys Program

Sponsored by Honeywell, Garrett and Aero Activities Clubs

We help Honeywell retirees or surviving spouses with fix-it jobs around the house. This program is designed to keep the job from being a budget buster for you. Call our Coordinator, **Warren Koepsel** at **(480) 510-9304** to schedule a trip to your home. If you reach voice mail, leave a clear message giving job information, your name, telephone number and nearest cross streets. We will get back with you to schedule a visit.

Are **YOU** Handy?

Your Clubs really need your help!

Since the passing of Clint Langford;

Our group of North Valley handymen has experienced a significant decline. So we're hiring!!!

You don't have to be a contractor level kind of handyman – just generally handy around the house.

Some of you may have special skills (Computer/Plumbing/Electrical/Drywall?) that can significantly help our members in need. Why not try it? Call Warren (480-510-9304).

We would love to talk with you!

The table below lists our current Fix-It Guys Team.

Thanks guys – for all that you do.

Jump on board

Looking for new board members

The Aero Activities Club currently has 11 Board members working to keep the Club going. As the Club gets older so do we.

Several of these members have been on the board for many years. If anything was to happen to them or they resign from the Board, the Aero Activities Club could be in jeopardy. To keep AAC from being at risk we need more Board members.

If you can spare a little time and like to work with others, please contact any one of the Board Members on page 2. What do you get for doing this? The same as us, the pleasure of knowing you are keeping a legend going.
