

In November, the trees are standing all sticks and bones. Without their leaves, how lovely they are, spreading their arms like dancers. They know it is time to be still.

Keith's Thoughts

Time has flown and it is already almost the end of the year and as the nights get colder we think about Christmas. This year we are combining again with the Honeywell Retirees Social Club to present a Christmas with Santa. It is a three course dinner with Santa in attendance. We have already has quite a few people sign up and with COVID precautions in place we may have to limits numbers so I would advise you to sign up early to ensure a place. Note that although this is a dinner we are holding it at midday as several of our members prefer not to drive at night.

As stated in previous newsletters when proposing new events the committee is very conscious of members concerns about COVID and try to make the events as safe as possible for your comfort and piece of mind.

As it is almost the end of the year it is time to remind you that if you receive your newsletter and the email states you are paid up to the end of 2021 it means your subscription is running out. Our membership is on a calendar year basis and I encourage you to renew now and save the committee chasing you next year. None of us like to make those reminder calls. The committee is all voluntary so all the money goes toward expenses like running our website, food at our annual picnic etc. You can fill in the form at the end of this newsletter or starting this year renew on our website. One person last month signed up for 6 years and once we had a 20 year sign up. To do that you have to send in a check as the website only covers 1 or 2 years.

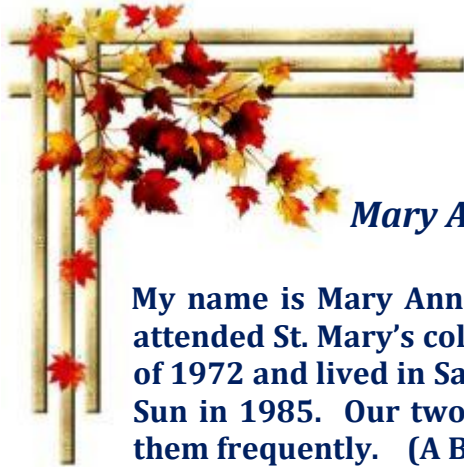

In this newsletter I included an article on Square Dancing. Jan and I did this years ago and after a 20 year break we started backup just before COVID hit so all dancing stopped for 18 months. We are back dancing 2-3 times a week. All the clubs are taking COVID precautions and having had our 3 shots we feel safe. This is far more advanced and fun than the dancing you may have done in school and is surprisingly good exercise and a test of memory as you have to remember multiple moves. I encourage you to try it and contact me if you want more information.

You can sign up for many of the events on our website and often pay online at the same time using PayPal. Just go to the Events tab and select the event you want to attend. You do not have to have a PayPal account to use it as the system is just like paying on Amazon or any other online retailer. We do not store the financial information. This feature also works for membership renewal.

The website address for past newsletters, event photos etc is AeroActivitiesClub.com

Please take care and stay safe,

Keith

Mary Ann Flood Bio... Our Newest Board Member

My name is Mary Ann Flood and am a happy retiree. I grew up in St. Joseph Michigan and attended St. Mary's college where I met my husband, Steve Flood. We were married in August of 1972 and lived in Santa Monica, CA. Torrance, CA, Dayton OH and moved to the Valley of the Sun in 1985. Our two adult children and two granddaughters live close by so we get to see them frequently. (A Blessing)

In my previous life I was a Realtor and had the opportunity to meet dozens of people from all over the US. Buyers and Sellers do like to talk and I heard many stories, some were TMI. I look forward to working with you all.

Three years ago myself (Keith) and my wife Janet decided to go back to square dancing after a break of 20 years. To get up to speed again we took a beginners class at Tomahawk Twirlers Square Dance Club in Glendale. Just as we graduated classes the COVID hit and all the square dance clubs closed for 18 months.

This summer the clubs started up again and now we are dancing 2-3 times a week. So how do they handle COVID? The clubs have hand sanitizer readily available and we were very cautious at the beginning. Every one I talked to has had their shots and none of the members to date has caught COVID. And that is across three clubs.

The square dancing we do is nothing like you may have done in school. The first year you learn Mainstream then Mainstream Plus with more advanced moves where one call lasts 16 or 32 beats of the music. For someone who does not enjoy exercise you would be surprised at how much exercise comes naturally while you are enjoying yourself. It requires remembering the dance patterns while you meet new friends. So it is good for the mind, body and soul. I invite you to join me in January for lessons where my wife and I will be “Angles” helping people learn to dance under the callers instruction.
