## Keith's Thoughts

### Growing Our Club & Looking Ahead to Our Annual Picnic

Our club is truly blessed to have a strong and active membership of approximately 560 members. That said, it is a fact of life that over time we do lose members, which makes welcoming new ones especially important to keeping our club healthy and vibrant.

Unfortunately, Honeywell does not allow us to advertise our club and, despite many requests, does not mention us during exit interviews. As a result, most of our new members discover us through word of mouth and chance conversations. This is where *you*, our members, can make a real difference.

We have had several recent occasions at club events where members asked, “Can I bring a friend?” and, when we looked into it, found that those friends were fully eligible to join. To be clear: current and retired employees from *all* Honeywell sites, affiliates, or subcontractors are welcome to join our club. Please help us spread the word by sharing your experiences and showing interested friends the flyer included at the end of each *Navigator* issue.

Looking ahead, our Annual Picnic on April 23, 2026 is just around the corner. This is our signature event of the year and consistently has our highest attendance. Last year, 105 members joined us for a day filled with good food, great conversation, and plenty of laughter. It’s a wonderful opportunity to reconnect with longtime friends and an ideal setting for new members to get involved.

Occasionally, a new member will say they won’t attend because they don’t know anyone yet. Our response is simple: *you won’t know unless you try*—and you just might be pleasantly surprised.

Click here for the membership form: <https://hracaz.org/manage-your-membership#5389ebd8-d0a4-48e9-9fa0-63d0fdc7469d>

Since COVID, and for health and safety reasons, we changed our picnic from a potluck to a fully hosted event, with the club providing the food at no cost to attendees. When food costs are combined with ramada rentals, the expense comes to about \$10 per person, making this a significant investment by the club. Our goal is to keep this event free for everyone, but we encourage those who are able to donate generously at sign-in to help support this special day. We look forward to seeing you at the picnic—and don’t forget to bring a friend!

Finally, a reminder about membership dues. Our membership year runs from May 1 through April 30, and annual dues are just \$5 per year. It helps the club significantly—both in workload and funding—when members choose to sign up for multiple years at a time. We truly appreciate your support.

As always, your feedback on any of our events is appreciated. Please email me directly or use the Contact form under MORE on our website. [hracaz.org](http://hracaz.org)

### *Sanderson Ford Museum Visit*

Eighteen club members visited the museum in January. Our docent was Matt the grandson of the original Sanderson Ford owner. His father was an avid car collector and the museum started with 4 cars and grew over the years. His mother designed the layout and decorations and was particularly fond of 50s Coke memorabilia. Matt spent time telling us the history of the museum and of each car. This was my 9<sup>th</sup> visit and I am still learning more each time. There are more pictures on the website.

# Recycling Tour Report

The recycling tour was very interesting and everyone was very engaged. We learned that there are two parts to the Transfer center: one is the recycling half and the other is normal landfill stuff and nothing stays at the Transfer station hence the name

We also learned the following:

- All plastic bottles can be recycled and are sent to Mexico to return as a new bottle in the states
- If you are recycling glass, take off any lid and send it with the glass botch, otherwise, the glass might break
- If you are recycling aluminum, crunch it up into a baseball size ball, to give it more weight so it will be sent to the correct place
- Do not put any recyclable into a plastic bag

## ***Tovrea Castle - Sold Out***

**Friday Feb 6<sup>th</sup> and 13<sup>th</sup> 2026**

*Ever wanted to visit the building near Sky Harbor Airport that looks like a wedding cake? This place has become so popular that they had to institute a lottery system for tickets. Fortunately, I was able to get group tickets for two tours each with 12 people. If you go the engineers in you will realize why they had to strengthen the floors and see if you can find the eggs.*

Tours are approximately 2 hours and include the historic Castle's main floor and basement, extensive grounds and cactus gardens surrounding the Castle. Most of the tour is outside riding a tram so dress warm. The tour starts at 10.30 am and the grounds are cool. The tour is wheel chair accessible but no electric scooters are allowed.

There are seats inside the building to rest so it is not a strenuous tour.

Guests are greeted by Tovrea Carraro Society volunteers at the Visitor Center and taken through the Carraro Cactus Gardens on a tram with a docent. The tour winds through the beautiful 44 acres, viewing the outer buildings, before arriving at Tovrea Castle.

**The Society has increased the price to \$25 each.**

Only a limited number of tickets are available, so book early to avoid disappointment.

If interested send the following to [keith8411@cox.net](mailto:keith8411@cox.net).

## ***Manistee Ranch Park***

***Private tour Saturday Feb 28, 2026, 10am – 11:30am***

Built in 1897 by a wealthy lumber baron from Wisconsin named Herbert W. Hamilton, Manistee Ranch began as a 320-acre spread along what is now Northern Avenue. Hamilton sold the place to Louis M. Sands, a prominent Arizona businessman and rancher, in 1907, and it stayed in the Sands family until it was sold to the Glendale Historical Society in 1996.

Today the ranch is on the National Register of Historic Places, and its four buildings – a garage, office, barn and house – can be visited to get a taste of Glendale’s rich history. Attendees will tour a 7000-square-foot home decorated with antique furnishings that are original to the home or that were collected from within the city. The basement houses a collection of photographs, Glendale grammar school items and old farm equipment used on the ranch.

### **Event Details:**

- **Location:** Glendale, 52nd Avenue and Northern Avenue
- **Cost:** \$5 per person to be paid by each attendee at door, **CASH ONLY!**
- **Parking:** Enter parking lot from 51st Avenue, just south of the businesses at Northern Ave.

### **Date/Time:**

- Feb 28, 2026, 10:00 to 11:30 AM tour.
- Attendees will meet in front of the ranch no-later than **9:45 AM.**

# ***Palo Verde Nuclear Power Station Tour***

**March 5<sup>th</sup> and March 10<sup>th</sup>, 2026**

*Only 6 spaces left on March 10th*

This is a unique opportunity to get up close to a nuclear reactor. However, this tour requires a lot of walking across a very large 4,000-acre campus so you must be physically fit. Palo Verde is located 45 miles West of Phoenix off the I10 and is the largest nuclear power plant in the United States serving about four million people.

The Palo Verde Generating Station is located in the Arizona desert, and is the only large nuclear power plant in the world that is not located near a large body of water. The power plant evaporates the water from the treated sewage from several nearby cities and towns to provide the cooling of the steam that it produces.

Each tour is limited to 20 people and starts on site at 9-am. It starts with an overview briefing before a walking tour. Considering the remote location we might want to organize ride share. I will limit the tickets to 2 per member.

If interested send the following to [keith8411@cox.net](mailto:keith8411@cox.net).

Full Name and email address of each person going, phone number and zip code (to help ride share). Please indicate if you are willing to take passengers.
