

# SPONSORSHIPS

## Join Us In Making History By Supporting The Zero-G Experience, Puerto Rico!

On December 2023, the Rafael Hernandez International Airport in Aguadilla will be transformed into an unforgettable adventure that will inspire the next generation of Aerospace and Aeronautics leaders.

By partnering with us, you will help create pathways to future educational, scientific, and touristic opportunities for the island of Puerto Rico. Your support will also benefit your company by increasing awareness among the local public and showcasing your commitment to innovation.

Thank you for considering our proposal and we look forward to partnering with you!

Visit our [Private Charter](#) page for additional options.

### Our Partners:

# First Steps Into Space

Our mission is to establish Puerto Rico as the leading Space Hub in the Caribbean and Latin America, building on its strong track record of excellence in the industry. The recent launch of PR-CUNAR, the first satellite built and launched by Puerto Rican students, highlights the island's growing role in the space sector. It is our goal to provide the talented students and mentors involved in this project, as well as other STEM students, with the opportunity to experience microgravity and weightlessness locally, offering exceptional educational prospects.

By sponsoring and supporting the ZERO-G EXPERIENCE, you can help elevate Puerto Rico's profile in the rapidly expanding Space Economy and position the island to become a major player in the industry.

It would be an honor to have your support to bring this highly sought-after earth-based space experience to Puerto Rico and, together, make history.

# SPONSORS

As a valued partner, you'll have the opportunity to leave your mark on this one-of-a-kind event. You can choose from several sponsorship or private charter options, including interior and exterior aircraft branding, customized flight suits, or help a student experience a glimpse of their prospective careers.

Don't miss out on the chance to be a part of this thrilling event that will be attended by space industry companies and government agencies. Show your commitment to the younger generation and inspire the next wave of space industry leaders.

Sponsors will have the opportunity to:

- Create marketing campaigns that can take companies and products to the next level, like floating a product in Zero gravity.
- Customize the interior and exterior of the aircraft.
- Record promotional material in microgravity.
- Have a custom Flight Suit for the team.
- Have Team Building events that can literally elevate team bonding.
- Fundraisers by creating once in a lifetime experiences.
