

We were inspired to build Lumber Jack's after enjoying an evening of throwing axes with our friends. We realized that our hometown of Brandenburg didn't have a cool hangout that people could bring their kids to and everyone have fun (and axe throwing is fun!)

Unlike every other business idea we've thought of in the past, this one was actually put to paper! Our design features rough cut lumber – we even used my Dad's old 1967 dump truck to haul it all. The first load of lumber was delivered on June 26, 2018 and construction of the lanes started!

We would have never completed construction of the lanes, the bar, and the Karaoke stage as quickly as we did if not for our best friends, Phil and Michelle King and their son-in-law, Charlie Backstrom – not to mention the dozens of other family and friends who helped along the way!

Special thanks to the MCHS Carpentry Program for building our picnic tables and to the Meade County Detention Center for making our Adirondack chairs – great job!

And thanks to everyone who has believed in us along the way! We sincerely appreciated all of your prayers and encouragement!
