ERWIN FAMILY
NEW ZEALAND

A prophetic word delivered at the NZ Prayer Summons declared that **New Zealand is entering a season of unprecedented revival**. God is moving across every culture especially among Māori communities breaking down religious strongholds and spiritual opposition. The prophecy emphasized unity among churches and leaders, calling the Apostolic church to rise with boldness and faith.

The message also highlighted a growing **cross denominational harvest**, with entire congregations in other traditions receiving revelation and baptism in Jesus' name. God is opening doors, providing resources, and even gifting buildings to churches as part of this move of the Spirit. According to the prophecy, **revival in New Zealand will be greater than anything seen before**, marked by unity, supernatural provision, and a powerful outpouring of the Holy Ghost across the nation. We say Yes and AMEN! Thank you Lord.
