2024. What an amazing year it was. So many incredible and astonishing things happened in our lives. With the help of the Lord, we have overcome insurmountable odds and faced a challenging series of milestones. Without question the Lord has through faith directed our steps and protected us as well as blessed us.

Here's just a few the incredible things God has done in 2024 here in New Zealand:

Appointed as missionaries
God protected us as we traveled
Found a good home for our dog
Provided friends to help pack
Container arrived in New Zealand
Travel to New Zealand went smoothly
Re-connected with friends
Making new friends and connections
Found a home
Obtained a vehicle
Ministering throughout the country
Started a church in our home
Visas approved
Much, much more!

Welcoming in the new year with "God's Commandoes" action song at the Open Wells UPCNZ General Conference

Young men visiting us from the Pentecostals of Auckland church

What are your plans for 2025?

We are focusing upon growing our little home church and with the help of God seeing people's lives changed

2025 is looking like it is going to be an even more challenging, but amazing year! We can see upon the horizon incredible things ahead. We feel God's hand upon us, but we also acknowledge that there is opposition confronting us, lurking in pits and creating roadblocks. As we continue our journey of cultivating and growing our fledgling work for the Lord here in New Zealand in this new year, we can't emphasize enough that we need your monthly financial partnership and prayers to spread the gospel to the lost souls of this corner of the world. God bless you, and thank you for your love, prayers, and continued support in 2025!
