## #FaithInMotion2026

We began January with intentional planning and heartfelt prayer. Throughout the month, we have joined Bro. Carpenter in daily devotion and prayer, while also taking part in a 6 AM morning prayer group based here in New Zealand where we were blessed to lead four of the online sessions. Each morning, our united focus has been New Zealand, its cities, towns and communities, and the precious souls who desperately need the hope of Christ in these challenging days. There is an urgent call for believers to stand in the gap, to slow down, and to lift our nations before the Lord.

We also participated in a week long prayer revival for the greater Auckland region and for New Zealand as a whole. God moved among us in powerful and tender ways through worship, through tears, through joy, and through the quiet whisper of His Spirit. Many shared testimonies of salvation, deliverance and healing as hearts opened and faith rose.

As you read this on your church bulletin board, we want to remind you that God is not too distant from your cry. Whatever you are facing, whatever has unfolded in your life, He remains only a prayer away. He is ready to meet you with healing, with strength, with miracles, and with the deliverance your heart longs for.

Seven days without prayer  
makes one weak.
