

Missions Update

Erwin Family  New Zealand

Volume 3:02 February 2025

What an amazing year 2025 is going to be! 2024 was incredible and we saw how Jesus has done so much here in New Zealand.

What's the plan for 2025?

We want to network and meet lots and lots of lost people. We are always looking for ways to start a conversation and introduce ourselves to people everywhere. We are naturally friendly and welcoming in our personalities, so as we journey through this land singing and preaching as we go, we are pointing souls to the crimson flow of Calvary.

We are having weekly church meetings in our home. We have set a goal to have attendance grow to where we will need to find a building that we can use on a regular weekly basis to meet for fellowship and services.

A few weeks ago we even had a special visitor. A duck from a nearby stream flew up to our back deck looking for a snack during our church service. We all laughed and laughed at seeing a duck come to church.

Along with our home meetings we also regularly attend and participate in services with other fellowships that are within driving distance. The groups that we have connected with are just amazing people who love the Lord. We see souls touched, lives changed and miracles happen!

Our 1st service in 2025. Four visitors from Auckland and Wellington

Sis. Katarina from Wellington visiting us with her son and two grand children. It was such a blessing to have them join with us in our service

Auckland area church prayer meetings. We were so blessed to be invited and participate in January in this amazing week of prayer

Thank you

Have you ever had a duck visit church?

We have big challenges and big goals. We are not burying our talents we are investing efforts and time in the work of God and going out into our community and sharing the gospel with everyone who will heed the call and listen to the voice of the Lord and drawing of His Spirit.

We can't wait to baptize souls, see people filled with the Holy Ghost for the first time. Please join with us in your prayer time. God bless you, and thank you for your love, prayers, and continued support in 2025.
