Women Unite NFT by Guru Master Sri Akarshana

A distinctive and vibrant collection representing the rise of the divine feminine. Power, Love, and Beauty portrayed through the creativity of fashion, photography, and NFT.

United by a first-of-its-kind collection of 222 special, independent, and empowered women which are devoted to uplifting the world through positivity and contribution. 10% of all royalties are donated towards supporting women in need across the globe.

Incubakd

Incubakd, a high tech digitally-based business incubator and accelerator, has just been launched and is providing more information on its memberships and/or exclusive Type S Cannabis Licensing program.

It is a Collaborative Cannabis Campus located in downtown Los Angeles that has developed the newest concept in national and international business development for the global cannabis and hispanic market co-founded by Brad Turner. At a recent meeting, participants could network with industry professionals and investors who are leading the development of the exploding opportunities at the intersection of cannabis and blockchain, crypto, metaverse, NFT and Web3!

NFA

NFA Pass Gold

The NFA Membership Pass is your ticket to all NFA produced NFT collections which include iconic IP, legendary talent and co-created community projects. Membership grants pass holders free mints from these collections, access to whitelist and exclusive invites to premium IRL events and VIP networking at our new immersive gallery space in Vegas.

BLUE SOCIAL

Blue Social is building a web3 lifestyle app that bridges the gap between physical and digital identities. In a gamified experience users equipped with Blue self-sovereign NFT identities can share contact information, interact with other users nearby and be rewarded for being social using Blue's Proof-of-Interaction Bluetooth protocol.

Blue Social's Auto-Networking™ technology was used by attendees at a event BLUE SOCIAL conference. Hundreds of meaningful and memorable social interactions were set in motion through Blue's groundbreaking autonomous profile-exchange application.

HEXGO

HEXGO is an exclusive and private collection of 5,000 NFT cards built on the Ethereum blockchain using the industry-leading ERC-721 token. HEXGO was created to disrupt the NFT industry and be the #1 blue-chip utility NFT to offer heavy-duty utility and powerful rewards that have never been seen before.

HEXGO is building the biggest and strongest NFT project ecosystem. So far, HEXGO has partnered with over 100 + projects.
