

## **Sheet Metal Subcontractors (308A) (Industrial & Commercial)**

**Windfields Mechanical Group Inc. - Oshawa, ON**

### **Windfields Mechanical Group Inc.**

We are seeking experienced **Sheet Metal Subcontractors (308A)** for installation, maintenance, and service of industrial ductwork, welding fume extraction, and vehicle exhaust removal systems. This is ideal for hands-on professionals who take pride in high-quality work and are looking for steady projects with long-term growth opportunities. While our primary operations are based in Durham Region, subcontractors must be willing to work at various project locations across Ontario as needed.

### **What's the Role.**

- Installation of exhaust extraction equipment with associate ductwork.
- Installation of appliances, venting systems, duct pipe, and related components
- Start-up, commissioning, and retrofitting of exhaust extraction systems
- Coordinating with site supervisors, engineers, and project managers
- Maintaining safety, quality, and productivity standards on site
- Perform installation, repair, maintenance, and service of ductwork, welding fume extraction, and vehicle exhaust extraction systems
- Install systems in fire stations, EMS, public works, welding shops, auto dealerships, service shops and similar facilities
- Inspect products to ensure quality & conformity to specifications
- Measure and order materials as required
- Read and interpret blueprints, drawings and manufacturer specifications
- Handle logistics, procurement, tool rentals, and crane/lift scheduling
- Work safely on job sites, individually and as part of a team

### **What's Required.**

- Valid Sheet Metal Worker License (308A) (preferred)
- Proven experience in commercial and/or industrial projects
- Experience with exhaust extraction, ventilation, and air quality systems is a strong asset
- Skilled in proper use of hand tools and able to learn new equipment
- Must have a reliable vehicle and G-class driver's license with a clean abstract
- Willingness to travel and work across Ontario
- Physically able to lift up to 50 lbs and handle tools, equipment, and ductwork
- Comfortable working at heights and in confined spaces
- Able to work in all weather conditions and in challenging industrial environments
- Committed to full work shifts and occasional weekends as required
- Bring your own hand tools (preferred)
- Elevated Platform, Working at Heights, WHMIS, 4 Step training (preferred)
- Strong communication skills

### **What's in it for YOU.**

- Flexible work schedule
- Above-industry pay
- Supportive team environment
- Environment that encourages both personal and professional growth
- Manufacturer-specific (Kemper & MagneGrip) training provided on new products
- Steady pipeline of commercial and industrial projects
- Rental equipment (e.g., scissor lifts, Genie lifts) reimbursed
- PPE is provided
- Company uniform provided for a professional on-site appearance

- Reimbursement for hotel and food expenses for out-of-town projects
- Opportunity for long-term subcontractor partnerships
- Work with a growing Canadian business that values safety, professionalism, and your contribution

**Job Type: Subcontractor**

**Pay: \$120.00 – \$150.00 per hour**
