[Product catalog.](#)

We are a company that combines more than 20 years of experience in manufacturing foam packaging materials applying advanced technologies.

Our company will always adhere to the spirit of unity and innovation in search of excellence, quality and competitive prices in the market, meeting the needs of our customers.

We have a high range of products, among which the following stand out:

## POLIPACK ROLLS

The polypack roll has multiple applications, because it is a flexible, waterproof material and with great capacity to protect from shocks, it is a great ally in the area of packaging.

### Advantages of polyethylene roll:

- ✚ Impact protector
- ✚ lightweight
- ✚ Thermal insulation
- ✚ Moisture resistance
- ✚ lasting
- ✚ Non-abrasive

3/4	1.22	2.75
1	1.22	2.75
1 1/2	1.22	2.75
2 1/2	1.22	2.75
3	1.22	2.75

**WE HAVE DIFFERENT MEASURES, COLORS AND DENSITIES AS THE LINE OF ANTISTATIC**

**DENSITIES:**

**1.2, 1.7 AND 2.2**

## SHEETS AND BAGS FOR BANANAS

We manufacture super thermal polyfoam sheets with the right characteristics to help protect the fruit from the harvest stage.

### ADVANTAGES:

- + Ease of application
- + Moisture resistant.
- + Recyclable.
- + Protects from product damage.

## FRUIT BOX BOTTOM

Polyfoam sheet that adapts to the shape of the box where the product is transported, protects the fruit from shocks and damage to its transport.

Advantages:

It's reusable.

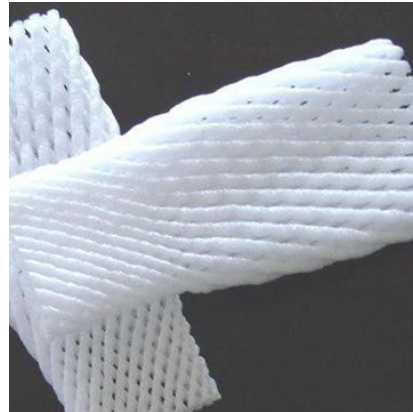

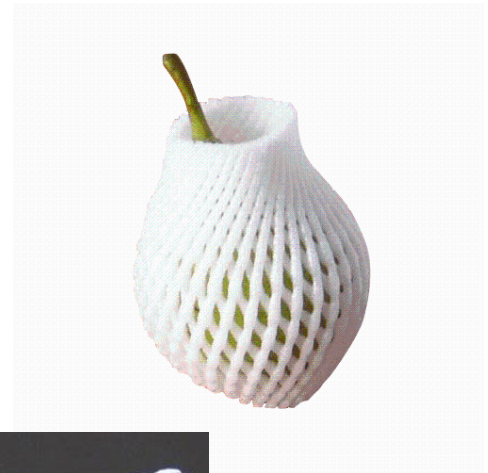

## FRUIT PROTECTION MESH

Our meshes are designed for the individual protection of fruits, providing total protection during transportation.

### Advantages:

- ✚ Provides protection during fruit transport.
- ✚ Improves appearance.
- ✚ Ease and hygiene in the packaging process.
- ✚ Fits the shape of the fruit.

**This product can also be used for the protection of glassware, bottles and flowers.**

## Filled

Polyfoam manufactured in a perfect size to protect your products, filling in the gaps of the packaging keeping all the material safe.

## SHOES

We innovate the footwear industry, we manufacture a special polyfoam mold, with the necessary features to provide greater support and durability to the shoes.

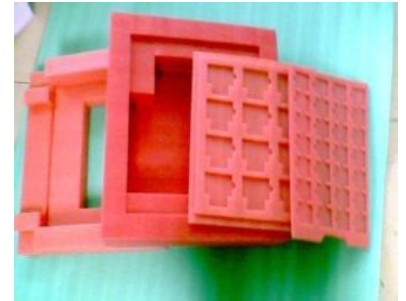

It helps the environment as our material is 100% recyclable.

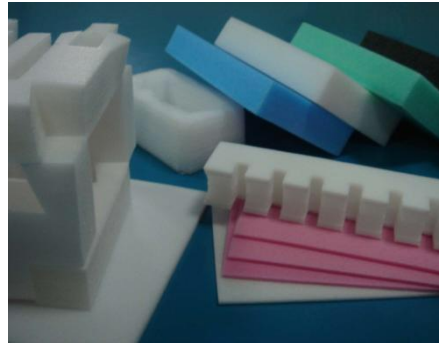

## COLCHON/TAPETES

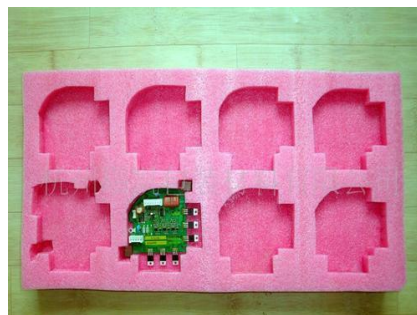

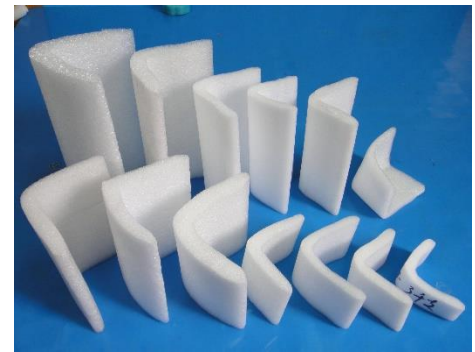

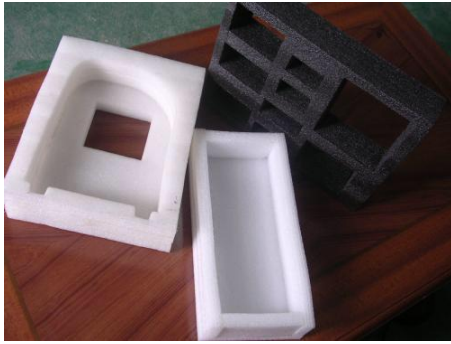

In our customers there are reputable distribution companies with the highest levels of quality.

Our products are exported to different countries in South America, cataloging our material as one of the best in the market.

The company has a perfect quality assurance system, has passed the ISO 9000 quality system certification, and has established long-term friendly cooperative relations with many famous mexican companies.
