How can you restore hope for the people of Ukraine? They have seen so much death and destruction. You can share with them the hope of the Gospel. The hope of the Gospel is that God has not forgotten them. We can be the hands and feet of Jesus. What is a practical way you can do this? Can we do anything to reduce the suffering of the Ukrainian people? Actually you can. Many houses have been damaged from

the war. It will be a long time before people get their houses repaired. Most of them do not have the money to even buy materials. This is especially true in the villages. While some houses have been damaged beyond repair, there has been a lot of damage to houses close to where bombs and missiles have landed. These houses are still structurally sound. The main damage is that roofs have been blown off and windows have been broken. Many of these houses can be saved if they are temporarily repaired so that there will be less water damage. We will have teams with American volunteers. We will also be paying Ukrainian teams of workers. This will give them a job so they can support their families in this difficult time. You can help to pay for the materials and pay for the Ukrainian workers.
