

Bring HOPE

Roofing Project Continues

Greetings from war-torn Ukraine, and thank you for your prayers and support. As the war grinds on many people have had to face the reality of trying to rebuild their lives and livelihoods from the rubble. Most of them lost loved ones and have other family members on the front lines who may never return alive.

Working in Southern Ukraine, provides many opportunities to listen to people's stories and to give them hope. Recently we replaced a house roof for a middle-aged lady. She showed us pictures of her son, a construction worker, who was killed when a bomb blew in the side wall of the house. It's hard to imagine living with memories of loved ones brutally killed.

Three years later a good many of the villagers who have returned home find themselves living under a 'wearing away' tarped roof. **The roofing project is one way we can show people the love and compassion of Jesus.** A big 'Thank-you' to all the donors and volunteers who have supported the work and will continue to do so in the future. We who work here see the villagers' tears of gratitude. Only God knows what the size of the harvest will be from our efforts. Pray for us and for the people of Ukraine. May God bless you.

Funds to purchase roofing materials & lumber
Semi loads: Roofing materials \$15,000 • Lumber \$5,000
