

## INTERNATIONAL BROTHERHOOD AID

IBA endeavors to draw people to Christ, and teach good steward-ship and sustainable living.

IBA is a small Anabaptist organization with a goal of helping family farmers in Ukraine. We have assisted small farmers by sending used grain dryers to Ukraine to let the farmers control their own marketing, instead of being at the mercy of the large grain elevators. We have also led finance seminars to teach good money management, among other things.

With your help and support, the goal of IBA is to help with the current crisis in Ukraine. "Do good unto all men."

### **Immediate Needs Include Volunteers;**

funds for lodging, food, transportation, blankets, etc; helping churches that have opened their doors to help the refugees; and praying for safety as our staff endeavors to help with the needs in Ukraine.
