IBA endeavors to draw people to Christ, and teach good stewardship and sustainable living.

UKRAINE

Food Shortages

Many people without Jobs

There are two urgent needs for Ukrainian refugees who have resettled in our village of Kryvishintsi just two hours southwest of the capital of Kyiv:

- The local refugees need food
- The local refugees need work to support themselves

There is also a need to send food all over Ukraine.

This project will be a help in all three areas! Here is the plan:

Buy chicks and starter feed. Give 50 chicks per family that has the capacity and skills to raise broilers. Supply each family with the starter feed that is needed for the chicks.

Supply each family with the medicine necessary to keep the chicks healthy. Supply the feed throughout the growth cycle. Supply training and assistance as needed. The family would be able to use the chicken for their own use and sell the rest.

We would offer to buy back any broilers that they want to sell to us.

This meat would be added to the food packages that we send out. 🌾

You can mail a check, scan the QR code or go to our website to donate online.
