ENVIRONMENTAL POLICY STATEMENT

Branxholm Fabrications Pty Ltd and its officers are committed to providing and maintaining an environmental management strategy to ensure we minimise the impact of our operations on the environment and reduce both resource use and pollution to meet with community, stakeholder and personnel expectations.

Branxholm Fabrications Pty Ltd is fully committed to developing, maintaining and continually improving our Integrated Management System (IMS), in compliance with relevant legislation, appropriate standards, codes of practice and ISO 14001:2015, the International Standard for Environmental Management Systems.

Our Environmental objectives are:

1. Reduce waste generation – Aim to reduce waste production by 20% over the next three years.
2. Promote sustainable sourcing – Ensure 30% of materials are sourced sustainably by 2027.

We will achieve our objectives by:

- Developing, maintaining and continually improving the IMS aligned with ISO 14001:2015.
- Complying with all relevant environmental legislation.
- Identify, mitigate and manage environmental risks.
- Provide written procedures and strategies to manage and reduce environmental risks.
- Increase environmental efficiency in resource use and behaviour, source materials that are safe, recycled or reused where practical.
- Continually improve environmental management practices through reviews and audits of projects and report findings at management meetings.

Branxholm Fabrication Pty Ltd. through this Environmental Management Policy, embraces the principles of ISO 14001:2015 and commits to proactive climate action, driving sustainable practices and carbon reduction across all operations.

Shane McGrath

Director,

on behalf of Branxholm Fabrications Pty Ltd
