## - ABOUT SARA -

The Association's objective is to promote pedigree breeds and pet rabbits with responsible ownership for the purpose of showing, displays and educational use. We assist and support the members of the Association in organisation of shows and information on keeping of pet rabbits. The Association is eager to liaise, advise and co-operate with all bodies that have an interest in promoting the extension of the breeding and keeping of rabbits.

### Benefits you will receive by being a "SARA Member"

- Our shows are split into two sections, competitive and novice, which cater equally for the serious breeder and pet owner alike. As a member you are entitled to discounted entry fees in breed classes and entry into special members' only classes. All pet bunnies are very welcome and they can win trophies, ribbons and prizes. We have lots of novelty classes as well as kids only and adult handler. Vetting in (health check) of all rabbits is compulsory before commencement of the show. A full canteen is operational at all of our shows, with hot and cold food and drinks.

- For a small one off fee Members may register a stud prefix for their rabbitry.

- An official handbook is issued to members containing care instructions for your rabbit, a comprehensive section on illness and diseases, show and Association rules, record keeping, pedigree information, and relevant forms. The handbook is continually modified with new and up to date information.

- As the only BRC (British Rabbit Council) affiliated club in South Australia, the Association offers identification leg rings and a ring registry to those members wishing to register their rabbits. The club also offers tattoos as an alternative form of exhibit identification. The numbers are supplied and registered nationally with ANRCI (Australian National Rabbit Council Inc).

- Newsletter emailed quarterly, with the latest information to help you get the most out of the Club and your hobby.

- The Association is continually on the lookout for products and bulk purchase items to help members save a dollar or two and assist with better husbandry practices.
