

Gardner Orthodontics

Joel Gardner, DMD

Dr. Gardner is a **certified specialist** in Orthodontics and a member of the **American Association of Orthodontists**. Dr. Gardner has special training in tooth movement, bite development, and smile esthetics. As an Orthodontic specialist, Dr. Gardner focuses 100% of his training and practice on creating beautiful, healthy smiles using the latest technology and treatment techniques.

Dr. Gardner hasn't always been an orthodontist. He grew up in a small farming town in Eastern Washington where he enjoyed outdoor activities, sports, and volunteering. He began volunteering at the YMCA when he was in the 7th grade and has been involved as a volunteer in youth programs ever since.

Dr. Gardner is a proud member of:

- American Dental Association
- Washington State Dental Association
- Mount Baker Dental Society
- Washington State Society of Orthodontics
- Omicron Kappa Upsilon Honorary Dental Society
- Pacific Coast Society of Orthodontics
- American Association of Orthodontics

It's the people that make our practice, and we are especially proud of ours. The first priority of our friendly and caring staff is to serve your needs. Our front office team has the experience to answer your questions and our clinical team is extremely talented and has had extensive practical training as well as regular continuing education.

We take pride in & believe in our community. Our entire team is active in supporting local charities, organizations, and causes through donations and volunteer efforts. *It's the relationships that we build that make a difference.*

Your Smile is Our Specialty!
