

Curveair HVAC

curveair's HVAC products can provide a superior level of disinfection performance for new or existing ventilation systems

Applications

Features

- Patented design
- Modular systems available between 240 and 1,500 W
- Custom designs available
- 3 year warranty
- Parallel to airstream to maximize performance
- Remote control option
- Coil cleaning option
- Variable output control option

System Design: Each curveair HVAC unit is designed specifically for your application and needs.

Case Study:

Air Flow: 4,000 CFM
 Duct Size: 12" X 25"
 curveair Unit: HVAC-6
 Design Virus: SARS-CoV-2
 UV Rate Constant: 0.41 m²/J *
 Single-pass Reduction: 99.975%
 Log Reduction: 3.59
