

Machine Reality Report – QuickStart Edition (Free Tool)

A field-tested baseline checklist from Industrial Service Consultants LLC

Asset Identification

Machine/Asset Name: _____

Manufacturer: _____

Model Number: _____

Serial Number: _____

Installation Year (if known): _____

Field Technician: _____

Purpose

This tool provides a structured way to capture a machine's physical and operational condition at the time of inspection. It is designed to help users quickly establish a baseline record of current-state reality. This free version is a simplified excerpt from the full Machine Reality Report (MRR) process offered by Industrial Service Consultants LLC.

*Field Technician needs additional notepad or options for onsite notes

1. Customer & Asset Information

- 1.1. ☐ Confirmed machine(s) to be assessed
- 1.2. ☐ Stated purpose of the visit to the assisting operator
