

## **Pastors Message May 2022**

Dear Parishioners,

It has been exciting to celebrate Public Mass with you at St Veronica's during this Easter season. It has been my goal since the beginning of the Pandemic to celebrate safe & spiritual masses. Deacon Gerry, the Staff, and the Ministers of Liturgy have supported this goal. As the provincial & civic authorities reduce restrictions, I believe, for the time being, there are certain safety procedures that we are going to maintain at St. Veronica's. Covid is still present, we are still in the flu season, and a small number of adult parishioners will come to mass unvaccinated with some family members who are also unvaccinated.

Even though the government's mask mandate will end on May 14<sup>th</sup> we will continue to ask that all parishioners and ministers of Liturgy wear a mask while in the church. We will also continue to have certain pews blocked off in order to maintain social distancing. There will still be bottles of hand sanitizer at the entrances for you to use. We are continuing to apply these safety measures because a significant number of our parishioners are senior citizens and are considered vulnerable by health authorities.

At the end of June, we will, once again, review these procedures. Our goal is to have safe & spiritual masses at St. Veronica's.

Thank you for your cooperation throughout this Pandemic which has affected our community celebrations.

Keep well in Mind —Body-Spirit in 2022

Fr. Fred Kirouac

Please encourage other parishioners to visit the Parish Website "Cover Page" at:
