NPE2024: WHERE INDUSTRY MEETS THE **FUTURE**

Held every three years, NPE® is the largest, most influential global plastics show in the Americas. Join 55,000+ professionals in every segment of the plastics industry and its vertical markets, representing buying teams from more than 20,000 unique companies, including the global plastics supply chain and the full-range of end-user markets.

NPE showcases the largest display of technologies, machinery, processes, products, and innovation in one space. Here are some of the highlights from NPE2018:

NPE BY THE NUMBERS

FIRST-TIME
ATTENDEES

Everyone is here. It's all the verticals: automotive, bottling, packaging, etc., domestic and international. The traffic has been phenomenal, and the quality this year is off the charts. We had 600 leads yesterday alone. Our goal for the show was 1,000 total. We're really going to shatter that goal today.

– **Ellen Heini**, Marketing Communications Specialist, Cold Jet

NPE TECHNOLOGY ZONES

From plant-based bioplastics to 4D printing, robotics and beyond, the NPE2024 Zones allow you to spotlight the latest technologies, newest materials, and most sophisticated processes to attendees looking for ways to run their operations more effectively, produce end-user products more efficiently, and increase their bottom line.

WORLD-CLASS EDUCATION

NPE2024 offers even more than what's on the show floor. NPE's global education programs are geared at transforming industry insights into actionable solutions ranging from sustainability and recycling to 3D/additive manufacturing. Maximize your show experience by networking with, and learning from, the top minds in the industry.

More information regarding the Technology Zones and Education are coming soon!
