Why Exhibit in Riyadh, Saudi Arabia?

Riyadh is the Center of the Largest Economy in the MENA Region. Multiple Print and Pack Segments are Offering Widespread Opportunities...

The Kingdom's Accelerating Economic Growth, a Young Consumer Demographic and Changing Sophistication Resulted in \$2.73 Billion of Imports of Printing and Packaging Machinery. The Demand for Increased Printing and Packaging Materials has also Accelerated.

\$5.52 Billion

International Print and Pack Machinery Exporters Participate in a Booming Saudi Market...

With the increasing demand in packaging in Saudi, the retail sector is one of the main areas driving the non-oil economy. As a result, the increasing demand for print and packaging machinery is continuing its steady climb. With a buoyant and expanding non-oil economy, coupled with industry revenue for the manufacture of paper and paper-based products that is expected to reach \$5.52 billion in 2024, the opportunities for exporters of print and pack machinery is growing rapidly.

\$5.87 Billion

Paper and Paperboard Imports are Reaching New Highs in Growth...

The Saudi Arabia paper and paperboard packaging market size is expected to grow from \$4.77 billion in 2023 to \$5.87 billion by 2028. The forecast for corrugated, folding cartons, flexible packaging as well as labels and tags are contributing to a CAGR of 4.23%.

Why Exhibit with Riyadh Exhibitions Company (REC)?

REC has been Organizing the Kingdom's Leading Trade Fairs for 43 Years and Delivering Targeted Industry Professionals and Trade Partners...

Maximize your business development opportunities and ROI...

Saudi Print & Pack 2025 is co-located with Riyadh International Industry Week (RIIW). It is the largest gathering of the industrial sectors stakeholders and trade buyers. Celebrate the sustained success of 20 editions of the Kingdom's leading industrial trade fairs...

Visit:  www.riyadhiiw.com

Co-located trade fairs include:

Saudi
**Plastics
& Petrochem**

The 20th International Plastics & Petrochemicals Trade Exhibition & Summit

Saudi
**Smart
Manufacturing**

The 3rd International Industrial Automation, Retrofitting Exhibition and Summit.

Saudi
**Smart
Logistics**

The 3rd Logistics, Material Handling, Warehousing and Supply Chain, International Exhibition and Summit.

Do not miss the concurrently held summit:

**THE RIYADH INTERNATIONAL
INDUSTRY WEEK SUMMIT 2025**

The concurrently held international summit serves as a platform to present and evaluate latest evolving advancements. Experts will discuss the state of the industry as well as introduce the latest technologies and best practices that are impacting industries such as food, pharmaceuticals, consumer and industrial and products. The events and proceedings will be shared on-line, and promoted, regionally and internationally to sector professionals.

Who Will You Meet?

You will meet key decision makers that include:

- Your Sector's Key Decision Makers
- Printing & Packaging Professionals & Trade Buyers
- Printing & Packaging Consultants, Major Suppliers & Distributors
- Business Owners & Investors
- Owners and Technical Teams from over 10,780 Factories
- Advertising, Design, Production Agencies & Firms

6 Reasons to Participate in the Largest Gathering of Industrial Sector Professionals...

Network With Your Target Professionals

Get Quality Leads

Meet over 18,000 Qualified Buyers

Strengthen Your Brand

Receive Multiple Sales Inquiries

Drive New Business Growth

Products & Services at Saudi Print & Pack...

Printing Materials & Technologies

- Audit Equipment
- Binding Equipment
- Buffing Machines
- Card & ID Printing
- Design & Printing Technologies
- Digital Printing Technologies

OECD Growth Rate Projections put Saudi Arabia at Fourth Highest in G20 Economies in 2024, and Third Highest for 2025...

Multiple Print and Packaging segments are growing rapidly. This is driven by the accelerating growth of consumer spending in the Kingdom...

Key print and packaging market segments and related supplies and machinery are expected to see major growth in 2025...

\$14 Billion

Widespread Demand for Plastic Packaging Offers Increasing Business Opportunities...

The Saudi plastic packaging market size is projected to reach just over \$14 billion in 2024. It is steadily growing at a rate of 6.6% per annum and expected to reach nearly \$15 billion in 2025. Multiple areas of plastic packaging are seeing accelerated growth. The retail, food and beverage, clothing, medical and construction industries are demanding more packaging styles and alternatives to answer both consumer and business demands.

3.6%

Higher Than Average Global Growth in Injection Moulding Machinery Sales...

Packaging for retail, food and beverage, healthcare, automotive, electrical and electronic goods are seeing above average demand in line with a vibrant economy and greater consumption based on an increase in disposable income. The demand in injection moulding machinery presents widespread opportunities for machinery manufacturers to supply the many factories and packaging plants that rely on the moulding.

The 4th Industrial Revolution is Transforming the Print and Pack Market Through Innovation...

4,000

New Smart Factories Adopting the Latest Print & Pack Automation Machinery...

The Kingdom is home to more than 10,000 factories spread across 40 different industrial cities, accounting for 11 percent of the country's gross domestic product. 4000 of these factories are in the process of being upgraded with new industrial control and automation technologies. The latest technologies to enhance manufacturing efficiency and productivity are providing a massive scope for machinery and material supply providers to take hold of widespread retrofit opportunities.

\$7.51

Biodegradable Technology is Driving the Growth of Sustainable Packaging...

The Saudi rigid plastic packaging market size is estimated to reach \$7.51 billion in 2025. It is expected to reach \$8.65 billion by 2028, growing at a CAGR of 4.84%. The market demand focus is on format types such as trays and containers, caps and closures, and cups and lids. The increased usage of oxo-degradable plastics is leading to a trend of increased demand for intelligent bio-degradable packaging materials. Suppliers of related machinery and materials can take advantage.

\$3 Billion

Printing and Packaging Industry Accelerating Adoption of 4.0 Technologies...

Buyers at Saudi Print & Pack 2025 will be looking for new smart 4.0 technologies to improve manufacturing productivity and efficiency. With the strong growth in the industrial control and automation market in Saudi that will reach nearly \$3 billion by 2025, the printing and packaging sector is focusing heavily on 4.0 technologies. AI and robotics and other technologies will be integrated to create smart printing and packing end-operations multiple production lines.

\$134 Million

Accelerating Growth of 18% in 3D Additive Manufacturing is Unleashing New Business Opportunities...

The market growth for 3D printing indicates that the value for additive manufacturing will reach \$134 million by 2025. The ministry forecasts that the sub-sector will grow at an annual rate of 18%. The sub-sector will play a key role in building an integrated supply chain across industrial sectors. The establishment of 3D printing facilities for the supply of large and small components required for manufacturing of all types is an ideal opportunity for exporters of 3D machinery and print materials.

Organized by

شركة معارض الرياض المحدودة
Riyadh Exhibitions Company Ltd.

Serving the Kingdom's Economic Priorities for 43 years...

Riyadh Exhibitions Company (REC) has pioneered B2B international trade fairs and events sector in the Kingdom, with 43 years of sustained success in serving the Kingdom's national priorities. REC has organized leading international B2B exhibitions and related conferences for all key economic sectors. A dedicated professional team is committed to serve our clients and partners, and Kingdom's guests to the highest standards.

REC is known for combining "global expertise with local know-how".

In partnership with over 120 commercial & industrial bodies from more than 50 leading countries, REC has executed over 450 successful events to date by providing a professional platform to facilitate billions in business deals. This wealth of global expertise, and local know-how is at your service to advance your business objectives, be they to reach effective trade buyers, distributors, joint venture partners or expand your exports in the region or internationally.

UFI Proud Member

REC is a proud member of UFI, the International Association of the Exhibition Industry. Quality certification for regularly audited international events that conform to the UFI standards for exhibitions and events. REC continually achieves UFI recognition for adherence to international standards.

The Venue

Riyadh International Convention & Exhibition Center (RICEC) is the leading international prominent venue that is centrally located on King Abdullah Road near Exit 10, with a modern on-site hotel, conference auditorium, VIP rooms, workshop rooms, restaurants and other services.

Brought to you by Riyadh Exhibitions Company (REC), serving the Kingdom's national priorities and your business development needs with sustained success for 43 years...
