TO OUR VALUED PATIENTS:

Absolutely NO SMOKING OR VAPING is allowed on our property. Thank you for your cooperation.

Welcome to Shortgrass Community Health Center, Inc. (SCHC)

We want to make your experience with us as comfortable and convenient as possible.

SCHC is a private, non-profit community health center providing comprehensive, primary, and preventative medical services to families and individuals, regardless of the ability to pay. We are striving to be a Patient Centered Medical Home (PCMH), which is an innovative program for improving primary care for our patient population. The program gives practice information about organizing care around patient needs, working in teams, and coordinating and tracking care over time.

Services provided at SCHC are medical, behavioral health, dental, vision, psychiatry, substance use disorder and addiction therapy, as well as 340b pharmacy. SCHC strives to be a one-stop shop for all family health needs.

SCHC strives to provide affordable quality health care to the residents of our service area. Our doctors and staff are committed to keeping you and your family healthy, at rates that you can afford. If you have medical coverage, our staff will continue to file claims to your insurance company, Medicaid, SoonerCare, or Medicare on your behalf. If you think you might be eligible for Medicaid/SoonerCare our staff will be available to help you with the process. In order to continue with our current level of services, it will be necessary to collect the necessary fee from all of our patients when services are received. This includes the co-pay from Medicare and private insurance, as well as the minimum fee for the sliding scale discount fee program.

For patients who do not have any type of medical coverage, our fees will continue to be discounted, based on family income and size. For those who qualify, a minimum fee will be charged for each service performed. (Ex: Office visit, lab, x-ray etc.) To qualify for the sliding fee discount schedule, patients are required to complete a sliding fee application annually and update information immediately if there are any changes to income or household size. Co-payments are based upon household income and family size. Proof of income will be required to evaluate the application. The application and all documentation must be submitted at first visit or you may be subject to full charges.

SCHC understands that some patients may find it difficult to pay for services when they are received. For patients experiencing sudden financial difficulties and are unable to make payment, please contact our finance department to make financial arrangements. SCHC strives to be understanding and work with patients who are faced with sudden financial hardships. SCHC is not a 'free clinic' and is fiscally responsible to maintain sound business practices and be fiscally responsible. We do believe in no patient being surprised by a bill for care and can identify what your responsibility will be for services provided at Shortgrass prior to your appointment. If you require a 'good faith estimate' prior to services, please ask the receptionist for a form to be completed with cost estimates.

Thank you for choosing us as your health care home!

You must make sure you bring your identification card to each visit if you are covered by Medicaid, SoonerCare, Medicare, or private insurance. CANCELLATION & NO-SHOW POLICY

Shortgrass Community Health Center, Inc. is glad you have chosen us to provide you and your family with excellent care. It is our policy to request that you make all changes or cancellations of your appointments 24 hours in advance. We understand that situations arise that may prevent you from giving us advanced notice. Please let us know as soon as possible and realize that we may have to reschedule you if you are more than 15 minutes late. This is in order to keep our providers on schedule and avoid delays for other patients. We ask all new patients to arrive at least 30 minutes prior to the appointment to complete all necessary paperwork. Multiple broken or late appointments will be noted and could result in broken appointment fees. If you/the patient miss more than three consecutive appointments in twelve months, we may need to pause your ability to schedule future visits for the next 6 months but you will still be able to call for a same-day visit. We will do our best to help you. Please know that this policy will not result in losing your provider at SCHC—we are here for you and will continue to provide care. Thank you for helping us provide care for everyone who needs it.

BILLING, PAYMENT, and REFERRAL INFORMATION

SCHC's ability to remain open and provide discounted services greatly depends on our ability to collect what fees we are required to charge, even when those fees are discounted. In order to have your charges discounted if you qualify, you ***MUST*** bring proof of income at the time of visit and complete the sliding fee discount application. If this information is not provided at time of appointment, you will be charged the full price for the appointment.

BILLING AND PAYMENT

SCHC provides services billed according to patient's ability to pay. All co-payments are collected at time of check in for the appointment. After sliding fee discounts are applied to charges, the patient is responsible for paying the remaining fees, if applicable. SCHC is **not a free clinic**. We will be happy to assist any patient with a payment plan if necessary.

GOOD FAITH ESTIMATE

It is the desire of SCHC for none of its patients to be surprised with an unexpected bill. We can offer a "good faith estimate" regardless of insurance or lack of insurance to any patient who requests it. SCHC will make every attempt in that "good faith estimate" to verify if our location is in or out of network. Any patient, can, upon request ask for a good faith estimate. If, at the end of the billing cycle, the estimate was more than the patient expected, the patient may request a review or revision of their bill. It is the desire of SCHC to rectify any disputes according to billing practices and current regulatory requirements. Such disputes should be taken to the CFO/CEO for review and reconciliation.

REFERRAL SITUATIONS

SCHC is a **primary care** clinic. When a provider determines it is necessary to refer a patient to a specialist, the patient is responsible for that bill, and/or making payment arrangements with that provider. SCHC is not responsible for, nor has any control over, charges and fees occurring from referrals to other clinics.

LAB and X-RAY

Please understand that although the services that we contract for through local hospitals are discounted, SCHC has no control over the bill a patient receives for reading those results or any additional costs the hospital may charge. A hospital is required by law to have every x-ray evaluated by a radiologist, and that radiologist's bill is separate from our services. It is the patient's

responsibility to pay for these additional services as required by the hospital.

SCHC contracts with Lab Corp for discounts for certain lab tests. Lab fees will not have extra reading charges. The amount the patient pays includes the entire fee for those services and is due prior to receiving the lab service.

DISCOUNT DRUG PRICING AND MEDICATION REFILLS

DISCOUNT DRUG PROGRAM

If a patient qualifies for a free medication program, SCHC does attempt to assist patients with paperwork required so that they may receive their medication(s). It is **not** SCHC's sole responsibility to complete all necessary paperwork. The patient is expected to participate in completing certain paperwork for this service.

Due to SCHC's federally qualified status, we are able to purchase drugs at a significant discount over regular pharmacy pricing. This is based on a percentage (%) scale, therefore, when a drug costs less, there is a smaller discount. When a drug falls into the higher price range, the discount becomes much more significant. Please feel free to take our written prescription and compare prices before purchasing.

Although in most instances the 340B Discount Drug Program pricing is less, there could be instances where pricing is very close to the same at all pharmacies. Currently, the SCHC pharmacy participates in the 340B Discount Drug Program. Please ask staff for participating pharmacies.

REFILLS

You may call your pharmacy during their regular business hours to request a refill. Please have the pharmacy **FAX** therefill request to SCHC at (580) 688-2193. Please **allow at least 5 business days** for medication refills. If you wait until you are out of your medication, there may be a delay in refilling your prescription. Be sure to allow extra time for weekends and holidays. If you should run out of your medication on a weekend or holiday, there will be a delay in refilling your prescription until the center re-opens. Please have your pharmacy fax your refill request physician you use, and call your pharmacy prior to picking up your medication.

MEDICATION POLICY

The following policies are to ensure your safety, and our continued ability to treat you in the most effective way possible. Please read this carefully.

1. Medication must be taken only as prescribed by our physicians and you must notify our providers when medication is given to you by another person or physician.
2. Any medication that is lost, misplaced, stolen, destroyed, or finished early may be replaced at the discretion of the provider.
3. You must not share, sell, or otherwise permit others to have access to these medications.

7. Refills of medication will be given at the discretion of the provider. The provider may ask you to come back into the clinic for a follow-up appointment before refills are given.

9. You must keep your scheduled appointments in a timely manner. If you fail to appear for an appointment, your medication may not be refilled.
10. You must provide us with 24 hours' notice to cancel an appointment. If you fail to provide this notice, you may be subject to the consequences listed in #9 above.
11. Random urine drug screens and/or pill counts may be requested. Presence of unauthorized substances, abnormal results or an inaccurate pill count may result in discontinuation of your controlled medications including, but not limited to, opioid analgesics.

Your health care team at SCHC is dedicated to your safety and good health. This policy is designed to ensure your safety and to help us and you comply with the standards of good medical care, as well as state and federal laws.

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

If you have any questions about this Notice, please contact the Shortgrass Community Health Center's Privacy Officer at: (580) 688-2800.

WHO WILL FOLLOW THE PRIVACY PRACTICES DESCRIBED IN THIS NOTICE

This Notice of Privacy Practices (Notice) describes the privacy practices of Shortgrass Community Health Center (SCHC) and its workforce members (including employees, contractors, physicians, nurses, other licensed or certified personnel, volunteers, and front desk, billing and administrative personnel) who have a need to use your health information to perform their jobs. It also applies to any individuals authorized to enter information into your SCHC record. Your other health care providers may have different policies regarding their use and disclosure of your health information created at their location.

ABOUT YOUR HEALTH INFORMATION

We understand that health information about you and your health is personal, and protecting your health information is important to us. We create a record of the care and services you receive at SCHC. We need this record to provide you with quality care and to comply

with certain legal requirements. At times, the law permits or requires us to use or disclose your health information for various reasons. Health information that the law permits or requires us to disclose may be further shared by recipients and is no longer protected by law or the safeguards and restrictions in place when it is in our possession.

This Notice applies to all of the records of your care generated by SCHC, whether made by SCHC personnel or other health care providers, whether stored and transmitted electronically or by other means. We are required by law to:

- Maintain the privacy of health information that identifies you (with certain exceptions);
- Give you this Notice of our legal duties and privacy practices with respect to health information we collect and maintain about you; and
- Follow the terms of this Notice that is currently in effect.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following categories describe different ways that we may use and disclose health information without obtaining your prior authorization. Following each category is an explanation. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories. There may be situations in which laws other than the HIPAA (such as laws governing a patient's substance use disorder records) prohibit or materially alter how we use or disclose your health information. In those situations, we will comply with the more stringent law. More restrictive laws are summarized in the section of this Notice below titled "Exception for More Restrictive Laws."

- **DISCLOSURE AT YOUR REQUEST.** We may disclose health information when requested by you. This disclosure at your request may require a written Authorization by you.
- **FOR TREATMENT.** We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, students, or other SCHC personnel who are involved in taking care of you at SCHC. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. Additionally, the doctor may need to tell the social worker if you have diabetes so we can arrange for appropriate follow up. Different areas of SCHC also may share health information about you in order to coordinate the different care you need, such as medications, lab work and x-rays. We also may disclose health information about you to people outside SCHC who may be involved in your healthcare after you leave SCHC, such as nurses, social workers, family members, or clergy. We may also use and disclose health information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **FOR PAYMENT.** We may use and disclose health information about you so that the treatment and services you receive at SCHC may be billed to and payment may be collected from you, an insurance company or a third party such as Workers Compensation. For example, we may need to give your health plan information about a procedure you received at SCHC so your health plan will pay us or reimburse you for the procedure or encounter. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your health plan will cover the treatment.
- **FOR HEALTH CARE OPERATIONS.** We may use and disclose health information about you for our health care operations activities. These uses and disclosures are necessary to operate SCHC efficiently and make sure that all of our patients receive quality care. For example, we may use health information to review the safety and the quality our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine and analyze health information about many SCHC patients to decide what additional services SCHC should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, students, volunteers and other SCHC personnel for review and learning purposes. Additionally, we may combine the health information we have with health information from other SCHCs to compare how we are doing and to see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of health information so others may use it to study health care and health care delivery without learning who the specific patients are.

ADDITIONAL USES AND DISCLOSURES OF HEALTH INFORMATION:

- **AS REQUIRED BY LAW.** We will disclose health information about you when required to do so by federal, state or local laws or regulations.
- **DIRECTORY.** We may include certain limited information about you in SCHC directory while you are a patient at SCHC. This information may include your name, location at our facility, general condition, and religious affiliation to clergy. Unless there is a specific written request from you to the Privacy Officer listed herein to the contrary, this directory information may also be released to people who ask for you by name.
- **SIGN-IN SHEET.** We may use and disclose health information about you by having you sign in when you arrive at SCHC. We may also call out your name when you are ready to be seen.
- **APPOINTMENT AND PATIENT RECALL REMINDERS.** We may use and disclose your health information to contact you to remind you regarding appointments or for health care that you are to receive.
- **BUSINESS ASSOCIATES.** Some of our functions are accomplished through contracted services provided by Business Associates. A Business Associate may include any individual or entity that receives your health information from us in the

course of performing services for SCHC. Such services may include, without limitation, legal, actuarial, accounting, consulting, data aggregation, management, administrative, accreditation or financial services. When these services are contracted, we may disclose your health information to our Business Associates so that they can perform the job we have asked them to do. To protect your health information, however, we require the Business Associate to appropriately safeguard your information.

- **DISASTER RELIEF.** We may disclose information about you to an entity assisting in disaster relief so that your family can be notified about your condition, status and location.
- **FUNDRAISING.** We may use information about you in an effort to raise money for SCHC and its operations. We may disclose health information to a foundation related to SCHC so that the foundation may contact you in raising money for SCHC. We only would release contact information, such as your name, address and phone number and the dates you received treatment or services at SCHC. If you do not want SCHC to contact you for fundraising efforts, you must notify SCHC's ***Compliance Officer*** at: (580) 688-2800 and in writing at: [***Brittani Thibodeaux, 400 E. Sycamore St., Hollis OK 73550***]. Additionally, each fundraising communication will include an opt-out opportunity.
- **HEALTH-RELATED PRODUCTS AND SERVICES.** We may use and disclose health information to tell you about our health-related products or services that may be of interest to you.
- **FAMILY, FRIENDS, OR OTHER INDIVIDUALS INVOLVED IN YOUR CARE OR PAYMENT FOR YOUR CARE.** We may disclose your health information to notify or assist in notifying a family member, your personal representative, or another individual involved in or responsible for your health care about your location at SCHC, your general condition, or in the event of your death. We may also disclose information to someone who helps arrange for payment for your care. If you are able and available to agree or to object, we will give you the opportunity to agree or object prior to making these disclosures, although we may disclose this information in the case of a disaster even over your objection if we believe it is necessary to respond to the disaster or emergency situation. If you are unable or unavailable to agree or object, we will use our best judgment in any communication with your family, personal representative, and other involved individuals.
- **RESEARCH.** Under certain circumstances, we may use and disclose health information about you for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of health information, trying to balance the research needs with patients' need for privacy of their health information. Before we use or disclose health information for research, the project will have been approved through this research approval process. However, we may also disclose health information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, so long as the health information they review does not leave SCHC.
- **TO AVERT A SERIOUS THREAT TO HEALTH OR SAFETY.** We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. For example, we may notify emergency response personnel about a possible exposure to Acquired Immune Deficiency Syndrome (AIDS) and/or the Human Immunodeficiency Virus (HIV). Any such disclosure, however, would only be to the extent required or permitted by federal, state or local laws and regulations.
- **CHANGE OF OWNERSHIP.** In the event that SCHC is sold or merged with another organization, your health information/medical record will become the property of the new owner, although you will maintain the right to request that copies of your health information be transferred to another SCHC, medical group, physician or other healthcare provider.

However, in many situations we are prohibited from sharing, and will not share, your health information for investigations or legal actions concerning reproductive health care access and services where that care is lawful as provided. YOUR PRIVACY RIGHTS

You have the following rights regarding health information we maintain about you:

- **RIGHT TO INSPECT AND COPY.** You have the right to inspect and copy health information that may be used to make decisions about your care. Usually this includes medical and billing records, but may not include some mental health information. If you request a copy of your health information that may be used to make decisions about your care, we may charge a fee for the costs of copying, mailing or other supplies associated with your request. To inspect and copy health information that may be used to make decisions about you, you must submit your request in writing to:

Shortgrass Community Health Center

We may deny your request to inspect and copy in specific circumstances. If you are denied access to your health information, you may request that the denial be reviewed. Another licensed health care professional chosen by SCHC will review your request and the denial. The person conducting the review will not be the person who denied your request. SCHC will comply with the outcome of the review.

- **RIGHT TO REQUEST RESTRICTIONS.** You have the right to request a restriction or limitation on the health information SCHC uses or discloses about you for treatment, payment or health care operations. For example, you could ask that we not use or disclose information about a surgery you had.
- **WE RESERVE THE RIGHT TO ACCEPT OR REJECT YOUR REQUEST.** If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment. We will notify you if we do not agree to a requested restriction. To request restrictions, you must submit a written request to SCHC at the above address. In your request, you must state: (a) what information you want to limit; (b) whether you want to limit its use, disclosure or both; and (c) to whom you want the limits to apply; for example, no disclosures to your spouse.
- **RIGHT TO RESTRICT DISCLOSURE FOR SERVICES PAID BY YOU IN FULL.** You have the right to restrict the disclosure of your health information to a health plan if the health information pertains to health care services for which you paid in full directly to SCHC and the disclosure is not otherwise required by law.
- **RIGHT TO AMEND.** If you feel that health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment to your health information for as long as the information is kept by or for SCHC.  2. Is not part of the health information kept by or for SCHC;
 3. Is not part of the information which you would be permitted to inspect and copy; or
 4. Is accurate and complete.

The law permits us to deny your request for an amendment if it is not in writing or does not include a reason to support the request.

- **REQUEST AN ACCOUNTING OF DISCLOSURES.** You have the right to request an “accounting of disclosures.” Such an accounting is a list of the disclosures we made of health information about you other than our own uses for treatment, payment and health care operations (as those functions are described above) and with other expectations pursuant to law. To request this list or accounting of disclosures, you must submit your request in writing to SCHC at the above address. PATIENT CENTERED MEDICAL HOME (PCMH) AGREEMENT

Shortgrass Community Health Center, Inc. (SCHC) wants to be YOUR Medical Home. Our goal at SCHC is to provide patient centered care to all its patients. Patient centered care means your medical provider, Health Care Team, patient and families work together to provide quality care to YOU. We do this through patient and family communication where the needs and preferences of the patient are communicated to your SCHC Health Team. Your SCHC Health Care Team may include your medical provider – a doctor, nurse practitioner, or physician’s assistant and your nurse, dietician, lab, x-ray, dentist, optometrist, pharmacist and behavioral health specialist. In turn we will listen to these needs and focus their education and training to make sure YOU get good quality health care.

Our plan:

SCHC and the patient/parent will achieve this patient centered care based on these items that we agree upon.

- SCHC will provide quality health care to the best of our ability and knowledge in a safe environment.
- Patients and their families have the ability to ask questions and voice concerns through an open channel of communication with our Health Team.
- The patient/parent is honest in the history of symptoms. Your Health Team is open and honest in relating the diagnosis and related treatment. It is important for the patient/parent to disclose all symptoms or medical problems at the time of treatment.
- The patient/parent is agreeable with your treatment plans. SCHC will provide clean and understandable instructions.
- SCHC will provide patient with enough time during their office visit to make sure the medical problem is understood and the treatment plan is thoroughly explained. Both the patient/parent and your Health Team will respect one another’s time.
- The patient/parent will pay for their share of the services rendered not covered by their insurance at the time of the office visit. It is the patient/parent responsibility to know their insurance benefits.
- SCHC offers same day appointments for acute care and allots reasonable times for follow-up, preventative care and disease management appointments.
- SCHC may refer patient to a specialist or suggest certain tests/procedures that are not done in the office but instructions will be given for any referral. It is the patient/parent responsibility to find out if the specialist is covered by their insurance.
- SCHC is not responsible for costs for patient specialty care or tests/procedures recommended by our providers.
- SCHC will make the referral; however, it is the responsibility of the patient/parent to follow-up with the referral and understand the insurance coverage for the specific referral.
- SCHC will give results of lab/x-ray tests by calling and/or mailing the patient/parent. The patient/parent should call the office if not notified about test results in an appropriate time frame.
- The patient/parent shall do their best to participate in health habits and lifestyles.
- SCHC may provide educational health information. The patient/parent can use this information and ask questions if needed.
- The patient/parent should keep their appointments; a missed appointment takes up time that another patient could use.
- The patient/parent should arrive on time for their scheduled appointment. SCHC in turn will work to stay on schedule.
- SCHC will respect the patient/parent individually. We will not make judgments based on race, religion, gender, gender identity, age or disability.
- SCHC will respect patient/parent privacy. Medical information will not be shared with anyone unless it is vital for treatment, payment or health care operations, you give us permission, or it is required by law or court order.
- SCHC has computer prescription programs with most pharmacies. Prescriptions are sent to your specified pharmacy electronically, otherwise, a printed prescription will be provided.
- This agreement that describes your SCHC Health Care Team relationship with YOU has been given to and received by a patient/parent for his or her Health Team member today.
