

Did you know micrographia is a symptom of Parkinson's Disease?

Let's Combat Micrographia is a six-week workshop, targeting micrographia, also known as, small-handwriting. We are taking it back to the basics and through these consecutive workshops will work on different ways to improve your handwriting.

Let's Combat Micrographia

Time: Every Wednesday from 4-5pm

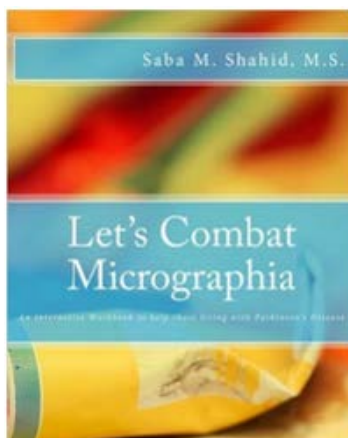

Dates: October 24, 2018 through November 28, 2018

*Information Session on October 24th

Location: St. Vincent Hospital
123 Summer St, Worcester, MA 01608
