BECOME A SPONSOR!

Dear Sponsor,

On Saturday, September 19th, the Organ Transplant Community will be holding the 5th Annual Charity Golf Scramble at Pleasant Hill Golf Club in Monroe, OH. With your help, we will be able to raise a generous amount of money for the Organ Transplant Community fund that aids patient and donor families with financial support during their transplant journey.

You can help in the cause by participating with your team, sponsoring a tee or donating a raffle item for our silent auction. We have created a variety of sponsorship levels for you to choose from. Please consider making a gift while in support of the special care and needs of organ transplant recipients and donor families. All proceeds from the sponsorship will directly benefit the patients and families of the UC Health Transplant Clinic.

If you are unable to provide support through a monetary donation, items for the silent auction/raffle would greatly be appreciated and beneficial to the success of this event.

Below is the list of sponsorships available (circle your selection).

About Transplant Community

The Transplant Community is a group of post-transplant patients who come together to support, encourage, and uplift one another. We share our journeys, celebrate the gift of life, and remind each other just how precious every day truly is.

Our gatherings are filled with gratitude, connection, and joy. We talk about how far we've come and how blessed we are to have a second chance at life.

At this time, we do not have financial sponsors for our events. Everything we do is made possible by our members—bringing homemade food, tables, supplies, drinks, and more. It's truly a community effort built on love and generosity.

We are always looking for sponsors and donations to help support our events. Contributions go directly toward event costs such as venue space, food, beverages, tables, and supplies.

We also welcome volunteers with open arms. For those who may not be able to donate financially, giving your time and support is just as meaningful and appreciated.

Together, we continue to build a strong, compassionate community—one that celebrates life and supports every step of the journey.
