

Post-Secondary Open House Cheat Sheet for Teens

Remember: this is about exploring, not deciding today.

Quick Reminders	
Visit 3 booths max (quality over quantity)	1. 2. 3.
Jot down notes	● Program/School: ● 3 Things I liked: ● 3 Things I didn't: ● Follow-up Q's:
Notice the vibe (As much as the Info) ie. - Does the campus feel safe & welcoming? - Do students look happy, stressed, or rushed? - Can you imagine yourself here? - Is there an energy buzzing, calm, or somewhere in between?	
Questions to Ask:	1. What makes this program different? 2. What supports are available for students? 3. How easy is it to switch programs? 4. What do grads usually do after graduation? 5. What's the student vibe like here?

*If Parents Come:	● YOU (teen) ask the first question ● They (parent) add only one follow-up. ● Suggest splitting up + compare notes
After the Open House:	● Circle (or highlight) your top 2 options to research more ● Talk about what felt right, just the facts. ● One event does not = final decision.
