## ITALIAN PASSPORT

---

All courses are paired with regional selected wines

Join us monthly on an Italian food excursion, featuring delectable products from a different region each month of the year (serving a four course dinner).

Begin with a tantalizing aperitivo while enjoying different cheeses, olives, preserves and crusty breads. Soon to follow by tasting of different regional foods, complemented with wines from small regional wineries and finally immerse yourself in the fresh scent of espresso coffee paired with decadent desserts.

Each item will be available for purchase in our market.
