

Pretty Pierced

PIERCING TROUBLESHOOTER TELLER

A fun way to help your healing journey with those little snags along the way!

1. FOLD TO PLAY

Have you played fortune telling at school? This is it!! Follow and fold the numbered lines to make the square smaller.

- ♥ First, fold No 1 & 2 and then open up.
- ♥ Then fold each corner into the centre of these instructions to make a square, twice.
- ♥ Flip, fold each corner into the centre again.
- ♥ Fold in half, open, fold in half the other way.
- ♥ Pinch under the flaps and open up the teller into a pyramid.

2. CHOOSE YOUR ISSUE

Open up the pyramid to discover your symptom, open up the flap to discover the likely problem and suggested solution.

3. FOLLOW THE AFTERCARE ADVICE

In conjunction with the aftercare advice guidelines, follow direction, message Torz and/or book in for an aftercare health check appoint online.

Full guidelines and troubleshooting flowchart can be found at www.prettypierced.co.uk/aftercare.

This is general advice and does not substitute medical advice or assessment.
