Whole BBQ Style Pig

We specialize in providing whole hogs, expertly butterflied and ready for your next "Pig Pickin'" celebration. Our service includes a charge of \$2.75 per pound based on hanging weight, plus a \$100 butcher fee for SCDA-inspected preparation. Let us elevate your event with a delicious forested heritage hog, professionally prepared that will leave a lasting impression!

Custom butchered whole hog

The most cost-effective way to enjoy our premium forested heritage pork is by ordering a whole hog! With a whole hog order, you can have the entire hog butchered to your exact specifications. Choose from a variety of sausage flavors, decide how thick you want your chops, select your preferred pack sizes, and more! If you've got extra freezer space, this is the perfect option for you. For a custom butchered whole hog, we charge \$5.60 per pound based on the hanging weight — an all-inclusive price. A \$100 deposit is required to reserve your pig.
