Stock

[ˈstæk]

A stock, also known as equity, is a security that represents the ownership of a fraction of the issuing corporation.

STOCKS are Securities

Bundled and you can own a **Share** in these

A **Share** means you participate in the gains and losses of the **Security**.

If you choose to buy **Stocks** or **Securities** you are inside the Casino. Yes, the **Stock** market is a betting game where you are counting on that **Security** to rise in value hopefully at a rate equal to or better than **inflation**.

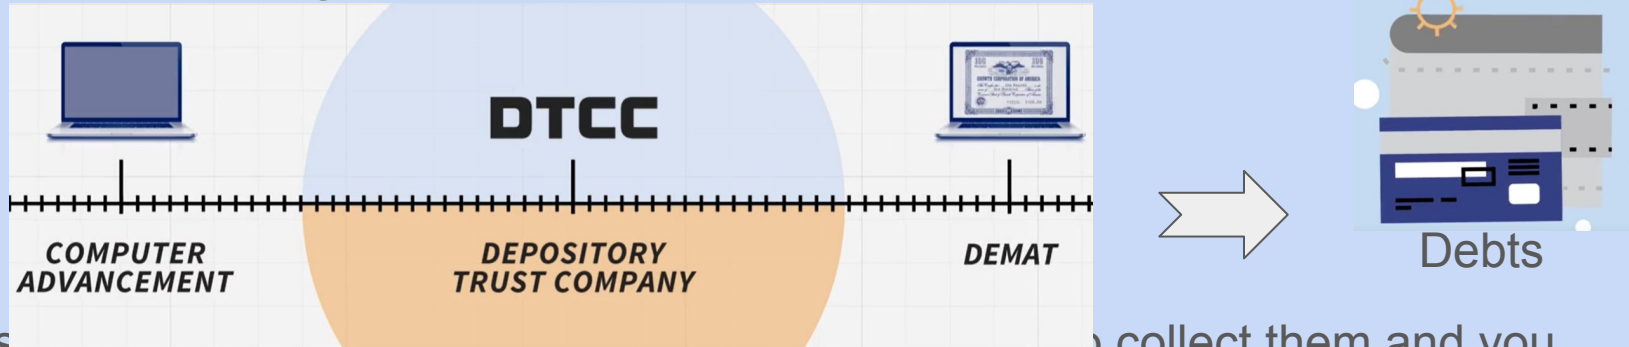

This is what you do when you go to a Casino, lay your money on the roulette table and bet which way that number will hit in the wheel from the spinning ball.

Dividends is sold as monthly income based on Debt Loaned, which you take responsibility for that debt as a 3rd party which is called a Security. You are Securitizing the **Debt** you are investing in. If Debt is not paid, you lose your money. It's a Bet.

Dematerialization DMAT

DEMAT takes the PHYSICAL Stock or Security out of Physical Circulation to Electronic Bookkeeping.

DTCC is the trustee of your securities and has the rights to collect them and you having no recourse when they do. This is set up incase of a Global or countries Government or the Banks financially collapsing. The same goes for your bank accounts and savings deposit boxes inside the bank you keep your money.

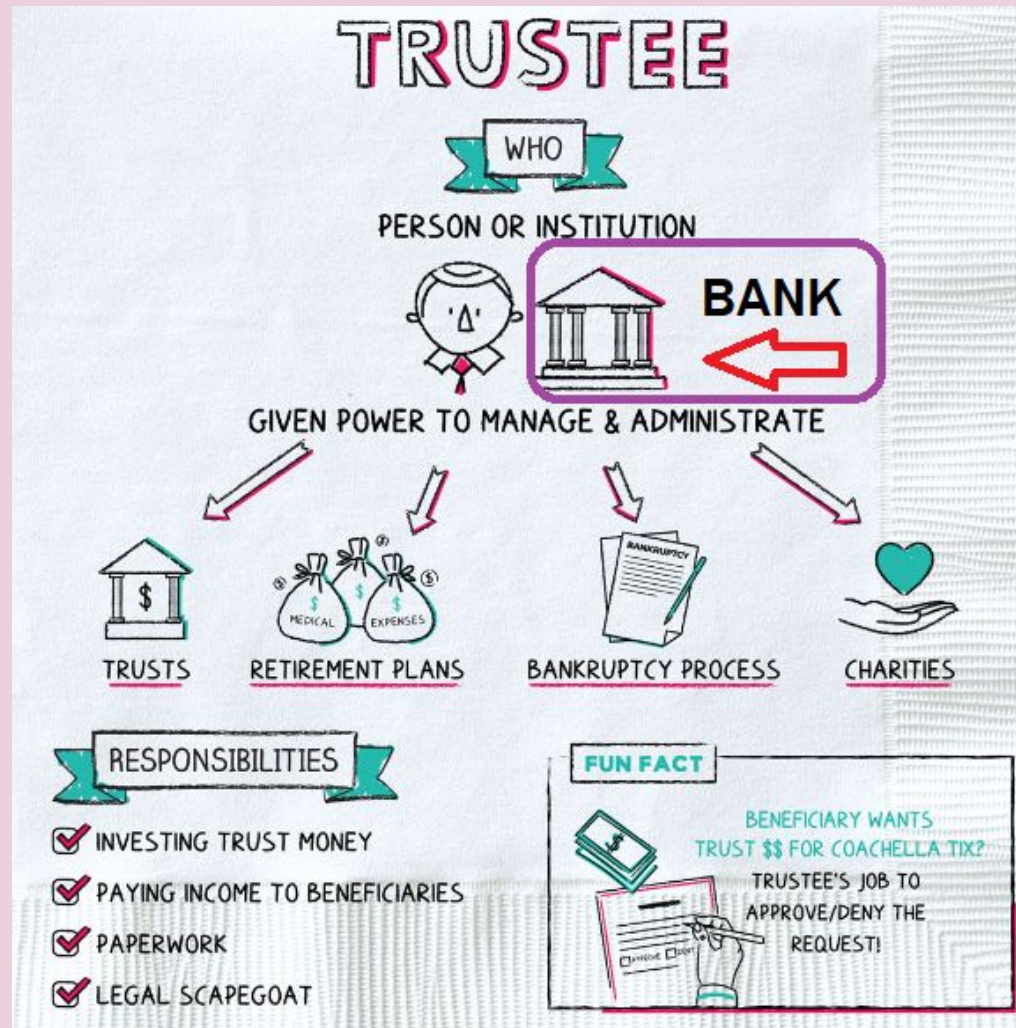

This is called a “Bank Bail In” or a “Government Bail In”

What is a Trustee?

A trustee is a **person or organization that holds the legal title of an asset or group of assets for the benefit of another person or entity, called the beneficiary.**

A trustee can be named by the person who sets aside the property, called the grantor, or by a document that creates the trust.

A trust can be set up for various purposes, such as for family, employees, charity, or the general public

CONCLUSION

If you are a gambler then the Stock Market and Investment Funds are right up your Alley.

If you want to Hedge the market which means you want to Hedge the dollar then Commodities are your bag.

If you want a hybrid, then Real Estate could be the direction as long as you are willing to continue investing monthly and willing to physically work.

As they say, there is no “Free Lunch” unless you are disabled then you are paid money but not allowed to work because the Governments will not subsidize you like they will WAR, MASS IMMIGRATION, CORPORATE SUBSIDIES.
