

Cruise Takeover Party

Family & friends, supporters and all!

For those of you inquiring about already having a cruise booked, if you booked directly with the cruise line's toll free number or website, we have great news, cruise takeovers are available to us!

Cruise takeovers are for clients who do not already have a travel agency. Creations & Vacations would be more than happy to assist you in transferring your bookings made directly with a cruise line to us.

Transferring bookings benefits us both by opening up travel opportunities depending on your reservation and cruise line.

The benefits include but not limited to price discounts, exclusive promotions and offers, unpublished rates, amenities, on board cruise credit, free (pre-paid) gratuities, wine, special gifts or more ...

Please note that bookings that have already been paid in full cannot be transferred.

Information needed when transferring:

- Ship name
- Sail date
- Booking number
- Amount already paid
- Agent's name, address, and phone number

Cruise Takeover Party

In keeping with the policies and guidelines of our supplier partners, we will follow the instructions outlined by the specific cruise line.

The best part about it, your reservation details will remain the same (stateroom number, dining setup, and even loyalty discounts)!

How to Transfer your Cruise Booking to your Travel Agent

Carnival Cruise Line

Disney

Norwegian Cruise Line

MSC

Royal Caribbean

Viking Cruise Line

NOTE: Online travel agency websites such as Priceline, Kayak, Expedia, are considered travel agencies with Brand Names and a LOT bigger than us. We will provide you with personal attention and save you time. You can also feel great knowing that you are supporting a small business.
