Dear Local Business Owner,

Union Elementary School PTSO's 10th Annual Walk-A-Thon Fundraiser is coming this fall. It is with support from local businesses like yours that UES-PTSO is able to provide funding for over 50 school and community services, special events and after-school enrichment programs.

Your partnership helps to provide for innovative programs in and outside of the classroom to help keep our students engaged and prepared for the future. The programs supported by the UES-PTSO are designed to promote rigorous academic instruction while providing a safe and nurturing environment in which our students are encouraged to excel and grow. With your valued support, the programs scheduled for the 2022-23 school year will directly affect more than 600 Union students and their families (and hundreds of others) in our local Lakota community for many years to come. Your support is needed even more this year as we continue work to support our school with while also focusing on keeping our Union community healthy, thriving and connected!

Will you join us as Business Sponsors for our 10th Annual Walk-a-Thon?

Choose one of five levels of sponsorship, each providing multi-tiered benefits to your business. Please take a moment to look at the attached information to find a match to your level of commitment. We hope we can count on you to partner with us as we work to support the parents, teachers and students of Union Elementary. Unable to support through sponsorship? We are also collecting donations to be used for student rewards and raffles.

Do you know a student at Union?

This year, students' fundraising totals will also include any business sponsors that are family or friends of that student. Please indicate the student you are supporting on the donation form.

Timing is very important, so **please respond by September 1** to receive the full benefits of your sponsorship, as detailed on the attached form. In order for a business sponsor to support a student, please adhere to the above deadline.

Thank you for your support to connect, serve and grow our Lakota school community!

Sincerely,

Julie Horton and Jen Feldmeyer
