

HOW OUR FUNDRAISER WORKS

Team / Group Fundraiser

1. The school / organization begins by filling out a simple one page Team / Group Fundraising Agreement
2. The school / organization informs us of the number of fundraising participants.
3. Samples of the dip/dessert mixes are at a cost of \$3.00 per dip pack.*
4. We will supply the school / organization order sheets for each participant.
5. When the fundraiser begins, the school / organization passes out an order sheet to each participant and a sample pack if so desired.
6. A sample dip can be prepared and taken to work by the participant's parents, or to any group setting. It is best to serve it with pretzel dipping sticks.
7. The participant takes orders and payment by either cash or check. The retail price is \$5.00 each per dip pack or dessert pack.
8. When the fundraiser time period is over, the participant turns in the completed order form with the total amount of cash and checks, including the cost for any samples.
9. The school / organization will total the quantity sold for each flavor, and place the order by fax or mail.
10. The school / organization will mail a check for the amount due. The cost will be \$2.50 per dip pack with a fundraiser minimum order of 50 packs.
11. We will ship out the order after we have received payment. The order will be shipped in two weeks or less or can be picked up at our office. Shipping charges are the responsibility of the fundraiser organization.
12. When the school / organization receives the order, each participant must collect the dip packs he / she sold, and deliver them to the purchaser.

*** Purchasing a sample dip pack for each participant is optional, but it is highly recommend as our dip mixes sell themselves when sampled and will increase the success of your fundraiser! Samples of the dip mixes are a great way to promote your fundraiser but orders can be taken without sampling.**
