TEACHING & LEADING OTHERS

OUR PROGRAMS

Our favourite thing to do is share arts education and experiences!

We provide well run art incursions and workshop events that are no fuss for already busy staff. Our attention is aimed at providing a smooth and confidence building event.

And why not? We aim to create a day where our guests head home and say 'Best day ever!'

Who we teach

We can design a learning experience to suit work places, government organisations, schools and teachers.

What Skills we can deliver

With a history of working in varied industries our skill set is very broad; From training health workers in arts therapy to providing a light hearted art day out.

We design a creative lesson plans based on need. It is important to us that the projects offer a creative challenge but ensure every participant can be creative, complete their task with confidence and feel uplifted through the process.

We take a simple step by step approach giving assistance and clear instructions.

Our place or yours?

Our facility is located in Ormiston and is suited to large group events. Arts workshops can also be ordered out, we will set up and run an event in your location.

MURAL ART & DESIGN

SIMPLY EXECUTED WELL

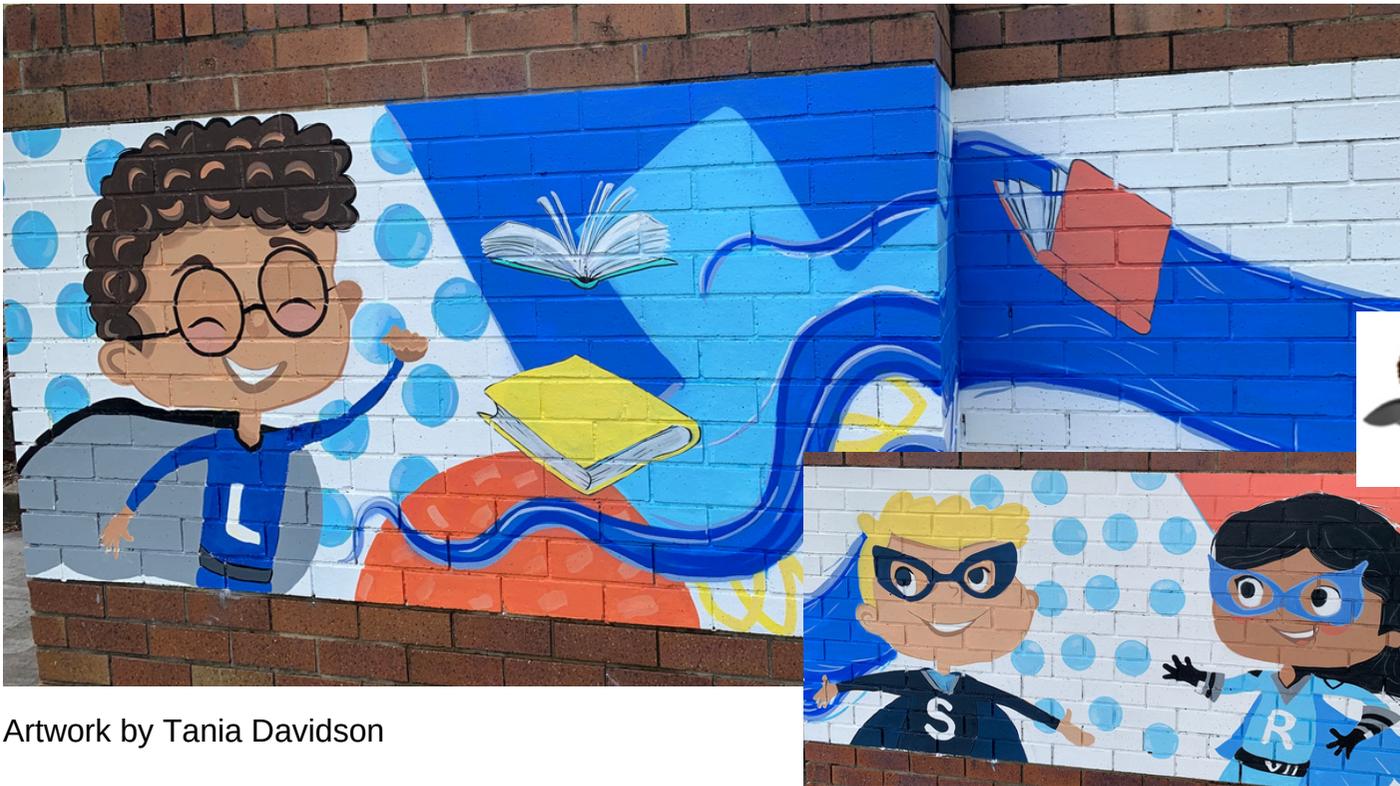

Being an experienced artist means having the ability to create anything to suit your needs.

Our concepts can be big, but our planning and design experience ensures they are kept simple.

Murals can give new energy to a space.

WHO WE ARE

Both Tim and myself have a long professional history with Art including Diploma and Bachelor degree qualifications to ensure the arts project management and education is authentic.

I first opened Tania's Arthouse in 2003 whilst completing my QUT Bachelor degree in Creative Industries.(Visual Arts) Since, our art studio has grown into a small school and is now titled Redlands Art School. I am very proud of our reputation as an arts facility and provider.

Tim has a background in Graphic Arts, with 17 years experience, his previous position was as team leader within the Graphic arts firm, he also has a very special talent for design and illustration. Tim now leads the Drawing Lab program.

Tim and I both specialise in building art programs that will suit any request. Working with Government and the community, we work well in our specialty areas, giving clients more breadth. With a mix of traditional, formal arts education and contemporary arts experience. We are well versed in most mediums and styles and are confident with the scope of any creative brief. We thrive in the dynamic environment when providing Arts projects to larger audiences! Since 2003, we have had experience working with a wide variety of community, P&C, schools, private and public all over Queensland.
