**The Voters Chose Carefully**

As of the available results at press time, Galveston County voters were cautious and discriminating when it came to the bond election choices. They supported roads and drainage while saying no to more money for county buildings. Typically bond issues pass easily as the electorate casts money into the wind with hopes of great results and good stewardship. Choosing to approve two out of three bonds shows some collective and individual analysis of the choices presented. The people can channel their inner DOGE at the ballot box and in this instance they said yes to around 110 million and not to around 76 million in new taxpayer funded spending.. EPP reminds all its readers to vote, vote, vote!

## Tragedy Strikes In San Leon

A recent fire in San Leon resulted in tragedy, taking the life of an individual and pets with the exception of the cat that was rescued and cared for by a firefighter.

Despite the best efforts of the San Leon, Bacliff, Kemah and Dickinson fire departments, the intensity of the blaze resulted in human and property loss on a sad scale.

The cause of the fire and whether or not a working smoke detector was present were not known at the time of this articles production, but it is known that a neighbor did attempt a rescue effort prior to the arrival of the fire departments.

EPP asks that the community keep the surviving relatives in their thoughts and prayers as they come to terms with their loss. While the identity of the victim is known, the privacy of the family comes first and so that information is being withheld from this article.

A Great Event**

With vendors, auction items and folks shaving their heads for charity, the recent SHS fishing tournament at Spillway Park was a great and productive event. Precinct 1 Constable Blake Patton got his head shaved for charity and raised \$700. That is one way to have less overhead in the Contables office.... Bacliff VFD provided medical support for the event this year. Stand by as this event happens every year.

## Restaurant Review

Lupe Tortilla, the new Mexican restaurant on Hwy. 96 near Hwy. 146 is a mixed bag. The people are very friendly and their service is great. The chips and salsa also come with a small bowl of charro beans for dipping. The chips are good, the charro beans rather flavorless, despite the visible jalapeno slices. The salsa has a smoky flavor, but not much else. As new customers, we were each served a tiny taco with a strip of their beef fajita. The meat was exceptionally tender and well cooked, also with little real flavor. The entrees took quite a while to arrive. When they did, there was nothing objectionable, but nothing to say "wow, let's come back for that". Upon request, a salsa picosa was provided (spicier salsa) which when added to nearly everything, did zip up the heat and the flavor. Throughout the visit, the waiter was great, the general manager stopped by as well. The staff did push the fajitas pretty aggressively and one of us did make that choice. The other plate contained a taco, chalupa and tostada along with charro beans and mexican rice. The charro beans were the same as what came with the chips and salsa. Not at all objectionable, but flavorless. The rice was quite frankly rather dry. An easy improvement would be to serve the entree on a warm plate, which probably does happen when an order has cheese to be melted on top, but did not in this case. Total cost for lunch, with fajitas, a combo plate and two waters with tip was around \$43. Not out of the norm for this day and time, but frankly La Brisa in Bacliff would have been more satisfying. Perhaps things will improve as they have only recently opened, but EPP will place this restaurant on hold for now.

### TSRA Anyone?

Never heard of it? TSRA stands for the Texas State Rifle Association. They are similar to the NRA but focus on the issues that concern Texas hunters, shooting sports enthusiasts and second amendment issues in the state. If you too support those issues, check them out online at [tsra.com](http://tsra.com) and consider joining. Freedom has a cost and membership in both organizations is a small price to pay to defend the constitution that helps separate us from those countries that you really wouldn't want to live in.
