## Cost-Saving Tips for Bridal Party Members

4. **DIY beauty:** Learn basic techniques for hair/makeup if professional services aren't covered
5. **Group gifts:** Pool resources with other bridal party members for more substantial gifts
6. **Set clear boundaries:** Communicate your budget limitations early and respectfully
7. **Use reward points:** Use credit card points or travel miles for wedding-related expenses
8. **Plan ahead for time off work:** Request time off well in advance to avoid losing income
9. **Borrow accessories:** Not everything needs to be purchased new
10. **Be upfront about your budget:** Honest communication prevents later stress

## Communication Template for Budget Concerns

If you need to discuss budget concerns with the bride/groom, consider this respectful approach:

"I'm honored to be part of your special day and want to be fully present for all the celebrations. To help me plan appropriately, could we discuss the expected financial commitments? I'm working with a budget of [amount] and want to prioritize the most important events and items."
